Rebel Angel:

Rebel Angel Bridget Wood,1993 Confessions of a Rebel Angel Timothy Wyllie,2012-09-28 A rebel angel s observations from her half million years on Earth and her perspective on the spiritual journey of her human charge Explains the hidden motivations behind Lucifer s angelic rebellion 203 000 years ago and watcher Georgia s participation in it Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return Describes how the coming spiritual transition will be gentle and our future positive More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy which led to the quarantine of 37 planets including our own from the rest of the Multiverse Now after eons of isolation the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny Writing through Timothy Wyllie rebel angel Georgia describes her half a million years stationed on Earth as a watcher Arriving 500 000 years ago as part of the first angelic expedition to Earth sent here to prepare the indigenous inhabitants for higher consciousness she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration Interweaving her story with parallel observations of Wyllie s youth in World War II England and his spiritual journey beginning with the Process Church Georgia explains the motivations behind Lucifer s uprising and the lasting impact it has had among the angels on Earth and on humanity s natural spiritual development Revealing that there are more than 90 million rebel angels currently incarnated on Earth almost all of whom are unaware of their previous celestial lives Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world She calls on all of us especially these incarnate angels to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God s presence In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world The Rebel Angels among Us Timothy Wyllie,2020-08-04 Writing together with Timothy Wyllie the angel Georgia details the events of Earth s ancient history during the fall of Atlantis Reveals in detail the devolution of Atlantean life during its society s decline the calamities that enveloped the civilization and the migration of this sophisticated culture to other areas of the planet Shares Georgia s travels to the planet Zandana a world facing the same problems as Earth yet taking a very different approach to their resolution Exposes the supreme significance of Earth and how our planet is one of the worlds on which the rebel angels are reincarnating An angel of Seraphic status Georgia arrived on this world with the first of the celestial missions over half a million years ago During the angelic rebellion 203 000 years ago which led to the quarantine of Earth and 36 other planets from the Multiverse she aligned herself with Lucifer and the rebel angels After the rebellion Georgia was permitted to remain on this planet as a Watcher making occasional side trips to Zandana a sister planet also under the thrall of the angelic rebellion Writing

together with Timothy Wyllie Georgia provides her personal account of Earth during the fall of Atlantis as well as accounts of her trips to Zandana Georgia reveals in detail the devolution of Atlantean life during its society's decline the calamities that enveloped the civilization and the migration of this sophisticated culture to other areas of the planet She shows how the fate of Atlantis ties in with the Lucifer Rebellion and also offers us understanding of where human civilization is now in contemporary times Her travels to the planet Zandana reveal a world at the same stage of development and facing the same problems as Earth yet taking a very different approach to their resolution Through her revelations Georgia exposes the supreme significance of Earth in the larger Multiverse context and also how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation She describes how this unprecedented interspecies mutation rebel angel incarnations started in Atlantis in the eighth millennium Interwoven with Georgia's narrative are her observations of Timothy Wyllie's current and previous lives including his involvement with the Process Church and his struggle to leave it Georgia shares her words in part to awaken the 100 million rebel angels currently living their human lives most unaware of their angelic heritage She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of global consciousness as the rebel held planets including Earth are welcomed back into the Multiverse

Revolt of the Rebel Angels Timothy Wyllie, 2013-09-02 A rebel angel's perspective on the Lucifer Rebellion 203 000 years ago and her insight into its past and future effects on consciousness Explores how the angelic revolt led to Earth's celestial quarantine for more than 200 000 years Draws parallels between the Process Church and the Lucifer Rebellion Describes the rise and fall of Lemuria in connection with the rebel angels Reveals how the 100 million angels currently incarnated in human bodies can help with Earth's return to the Multiverse and the coming transformation of consciousness After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse With this redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny But why did the angels revolt and how has that event shaped our planet's past and its future Writing through Timothy Wyllie rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution She reveals details of the Lucifer Rebellion including the role played by Planetary Prince Caligastia and his team of angelic administrators thought by some to be the Nephilim or Anunnaki of Sumerian myth who followed Lucifer into the rebellion ultimately leading to the quarantine of Earth and 36 other planets Interweaving her story with events from Wyllie's life Georgia draws parallels between Wyllie's involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine She explores the rise and fall of the island civilization of Lemuria or Mu as well as Atlantis and the Maya Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries most of whom are still unaware of their angelic heritage Now that we are free of

Escobedo,2017-04-30 Modern readers and writers find it natural to contrast the agency of realistic fictional characters to the constrained range of action typical of literary personifications Yet no commentator before the eighteenth century suggests that prosopopoeia signals a form of reduced agency Andrew Escobedo argues that premodern writers including Spenser Marlowe and Milton understood personification as a literary expression of will an essentially energetic figure that depicted passion or concept transforming into action As the will emerged as an isolatable faculty in the Christian Middle Ages it was seen not only as the instrument of human agency but also as perversely independent of other human capacities for example intellect and moral character Renaissance accounts of the will conceived of volition both as the means to self creation and the faculty by which we lose control of ourselves After offering a brief history of the will that isolates the distinctive features of the faculty in medieval and Renaissance thought Escobedo makes his case through an examination of several personified figures in Renaissance literature Conscience in the Tudor interludes Despair in Doctor Faustus and book I of The Faerie Queen Love in books III and IV of The Faerie Queen and Sin in Paradise Lost These examples demonstrate that literary personification did not amount to a dim reflection of realistic fictional character but rather that it provided a literary means to explore the numerous conundrums posed by the premodern notion of the human will This book will be of great interest to faculty and graduate students interested in medieval studies and Renaissance literature *Genesis Myth in Beowulf and Old*

English Biblical Poetry Joseph St. John,2024-07-31 Genesis Myth in Beowulf and Old English Biblical Poetry explores the adaptation of antediluvian Genesis and related myth in the Old Testament poems Genesis A and Genesis B as well as in Beowulf a secular heroic narrative The book explores how the Genesis poems resort to the Christian exegetical tradition and draw on secular social norms to deliver their biblically derived and related narratives in a manner relevant to their Christian Anglo Saxon audiences In this book it is suggested that these elements work in unison and that the two Genesis poems function coherently in the context of the Junius 11 manuscript Moreover the book explores recourse to Genesis derived myth in Beowulf and points to important similarities between this text and the Genesis poems It is therefore shown that while Beowulf differs from the Genesis poems in several respects it belongs in a corpus where religious verse enjoys prominence
