was never finished The Nehalem Tillamook grew from that unfinished manuscript First in consultation with Elizabeth Jacobs the manuscript was expanded and extensively edited by William Seaburg After Elizabeth Jacobs death in 1983 Seaburg added careful annotations and a detailed historical introduction The result is a remarkable book that fills an important gap in what was previously known about Northwest Coast native cultures This is the first book length ethnography of any Western Oregon native group and it will be invaluable for drawing comparisons with other Northwest Coast native cultures especially in the areas of female roles world view and social expressions of supernaturalism *The Sacred* Peggy V. Beck, Anna Lee Walters, 1977 Offers an uncommonly wide ranging consideration of the ways in which Native Americans view the world their place in it and their responsibilities to it This world is not only physical but spiritual and The Sacred describes the meaning role and function of sacred traditional practices and observances in the lives of The People individually and collectively

Jilek, Wolfgang Jilek, 1982 This book places the revival of Indigenous ceremonialism in a new light The author aims at dispelling misconceptions and negative opinions by showing the traditional rituals to have well defined and integrated therapeutic effects The guardian spirit ceremonial of the Coast Salish First Nations combines the Spirit Quest of the Plateau bands with the rich ceremonial life of the Northwest Coast cultures In this book the author draws upon personal observations and upon information obtained in years of close contact with the Coast Salish Peoples as a physician and psychiatrist as well as upon ethnographic literature He witnessed the revival of the ceremonial after decades of suppression and shows that besides its complex traditional functions it now provides the local Indigenous population with an annual winter treatment program in which several types of well defined therapeutic procedures are integrated These procedures compare favorably with Western medical management of psychophysiological conditions and with Western correctional measures in behavior disorders Initiation into spirit dancing permits an alienated Indigenous person suffering from what the author describes as anomic depression to reidentify with the culture of his ancestors and obtain the traditional guardian spirit power in order to grow with it into a more rewarding and healthier existence In presenting a scientific analysis of the ceremonial the author aims at dispelling misconceptions and negative opinions It is hoped that the Indigenous elders and healers who have generously shared their knowledge with the author will be encouraged by this book to continue with their efforts in the service of the Indigenous Peoples of the Northwest Coast
