Whether it be a singing or dancing competition, a talk show or musical concert, a got talent contest or an award winning ceremony, a sports and games arena or a book launch program, the word talent almost always seems to pop up. The talk and rage about talent and talented people has never been louder and clearer than it is today. People often talk about talent refer to it in talk shows and TV programs and even organize various kinds of Who's or who's not Got talent contests and so on. Yet few can if at all give even a vague definition of what it is while fewer still can give the actual definition of the word while almost none can explain how to discover it. Yet here is a book that will teach you a first time one of a kind revelatory practical teaching that will not only revolutionize the way you understand talent but lead you to uncover and discover the very talent you are endowed with. [The Hocus Pocus Hockey Stick](#) Patricia Lugo, 2015-11-24. Jeffrey Puck loves to play hockey. The only problem is that he's not very good at scoring goals or even at skating. Tomorrow is his seventh birthday and he will finally be old enough to join the Junior Hockey League at the skating rink. But will he be able to play well enough to stay on the team? The first practice doesn't go well for Jeffrey. He slips and falls and then he misses the puck when he tries to hit it. After practice is his birthday party and all of his classmates come over. When Jeffrey opens his birthday presents his father gives him a hockey stick of his own which his dad says is magical. Will the Hocus Pocus Hockey Stick really help Jeffrey score goals? This children's tale tells the story of a boy who learns to believe in himself when he receives a magic hockey stick for his birthday.
