The Creative Reflective Practitioner Linda Candy, 2019-11-26 The Creative Reflective Practitioner explores research and practice through the eyes of people with a wholehearted commitment to creative work It reveals what it means to be a reflective creative practitioner whether working alone in collaboration with others with digital technology or doing research and what we can learn from listening and observing closely It gives the reader new insights into the fascinating challenge that having a reflective creative mindset can bring Creative reflective practice is seen through practitioner ideas and works which have informed the writing at every level supported by research studies and historical accounts The practitioners

featured in this book represent a broad spectrum of interdisciplinary creative activities producing works in film music drama dance and interactive installations Their work is innovative full of new ideas and exciting to experience offering engagement and challenge for audiences and participants alike Practitioner interviews give a direct sense of how they see creative practice from the inside The ways in which these different situations of practice stimulate and facilitate reflection in practice and how we can learn from this are described Variations of reflective practice are discussed that extend the original concepts proposed by Donald Schön and a contemporary dimension is added through the role of the digital in creative reflective practice as a tool mediator medium and partner This book is relevant to people who wish to understand creativity and reflection in practice and how to learn from the practitioners themselves This includes researchers in any discipline as well as students arts professionals and practitioners such as artists curators designers musicians performers producers and technologists

Practising Clinical Supervision John Driscoll, 2006-12-06 This title is directed primarily towards health care professionals outside of the United States With contributors from the UK and Australia the second edition builds on the success of the original which was praised for engaging readers and being a pragmatic and practice orientated addition to the literature on clinical supervision This edition is written in accessible style and will appeal to those both new to clinical supervision or experienced It provides a thought provoking user friendly and practical guide to the subject With contributors from the UK and Australia Fully revised and updated Extensive activities for group and individual work Reflection points and examples based on practice

Critical Reading for the Reflective Practitioner Robert Clarke, Peter Croft, 1998 Discusses reading medical texts critically and provides a way to channel common sense and experience into a formal evaluation and interpretation of published work Assists in working with the idea of evidence based medicine which carries the message that reading interpreting and acting on published literature should become a routine part of clinical practice Explores such topics as summarizing results and bias statistics making sense of screening types of evidence issues in asthma and diabetes cervical screening and referrals to out patient clinics Annotation copyrighted by Book News Inc Portland OR

An Introduction to Standards-Based Reflective Practice for Middle and High School Teaching Elizabeth Spalding, Jesus Garcia, Joseph A. Braun, 2010-03-09 This easy to use introductory guide to teaching in contemporary middle and high schools provides teachers with the tools to become reflective practitioners It shows pre and inservice teachers how to use standards to choose instructional materials and methods that are appropriate with particular students at a particular time in a particular setting for a particular purpose While the authors are specialists in English and social studies this resource is appropriate for aspiring middle and high school teachers of any subject With a personal voice that will appeal to readers this book Links directly to the most recent version of standards for beginning teachers published by the Council of Chief State School Officers CCSSO Illustrates how teachers can be reflective about rather than reactive to standards Features an autobiographical approach to help readers understand how prior educational experiences may shape their future

teaching Contains numerous reflective vignettes by practicing teachers

Beginning Reflective Practice Melanie Jasper, 2003 This title introduces the concept of reflective practice and explains its purpose to the healthcare student or professional in the UK It demonstrates the skills necessary for effective reflective practice and explores the benefits of successful reflection in relation to pre registration profiles and Continuing Professional Development *(Re)learning as Reflective Practitioners* Linley Cornish, 2024-07-15 This book examines significant developments in reflective practice delving into research conducted with novice teachers It fills a gap in existing literature by examining the how of reflective practice How do professionals learn reflective practice fostering relearning How do they guide students mentees and novices in adopting reflective practices Stemming from teacher education the focus is extended beyond this field emphasizing the relevance of these strategies across professions It is divided into three parts thinking about reflection learning to reflect and becoming a reflective practitioner It offers fresh perspectives on conceptualizing reflective practice and suggests practical strategies for integrating it into pre service coursework assessment training and development Intended for academics practitioners and educators across disciplines this book serves as a comprehensive guide for anyone committed to fostering reflective practice within their professional sphere

The Professional Teacher, The Preparation and Nurturance of the Reflective Practitioner Kay A. Norlander-Case, Timothy G. Reagan, Charles W. Case, 1999-07-02 From the Agenda for Education in a Democracy Series Sponsored by the National Network for Educational Renewal This book is comprehensive in its account of what goes into the substance and process of preparing the professional educator from selection to induction into teaching The story that unfolds in the collaboration of the University of Connecticut and several schools is one of redesigning virtually every component into something quite different from what existed before without stopping the traffic of future teachers from crossing the bridge to practice from the Foreword by John I Goodlad codirector Center for Educational Renewal University of Washington and president Institute for Educational Inquiry This practical volume redefines teaching as a profession with pronounced service and moral dimensions The Professional Teacher shows how this new paradigm can be instilled in teacher education programs and in teaching practice The authors argue that the practice of teaching requires much more than knowledge and technical competence It calls for reflection and inquiry a dedication to democratic principles and a strong commitment to educational renewal and change The authors reveal how teacher education can be structured to emphasize the moral and service responsibilities of the profession especially by forging close ties with local schools and communities to produce caring and effective teachers Richly illustrated with research and real life examples of good practice The Professional Teacher proposes a new standard that focuses on preparing teachers for a climate of school renewal and change
