Playing Politics:

Playing Politics in Digital Spaces Frank Chouraqui, Alex Gekker, Bram Ieven, Saniye Ince, Frans-Willem Korsten, Sybille Lammes, Sara Polak, 2026-02-20 Playing Politics in Digital Spaces offers a timely analysis of play and politics woven together to imagine and enact new worlds democratic and reactionary alike Bringing together media and philosophical insights into the concepts of play politics and worlding or world making the book highlights the dual potential of play politics for both oppression and liberation Through theoretical and cultural historical perspectives on the emergence and repercussions of a post digital radical uncertainty the book allows readers to understand how play has become a crucial component of contemporary politics It examines this through an array of diverse cases from different places and scale This book will interest scholars and students from media studies philosophy cultural studies games and play studies and political theory and philosophy and will be valuable for other stakeholders including policy makers politicians journalists game designers activists and NGOs

Playing Politics with Natural Disaster Timothy W. Kneeland, 2020-04-15 Hurricane Agnes struck the United States in June of 1972 just months before a pivotal election and at the dawn of the deindustrialization period across the Northeast The response by local state and national officials had long term consequences for all Americans President Richard Nixon used the tragedy for political gain by delivering a generous relief package to the key states of New York and Pennsylvania in a bid to win over voters After his landslide reelection in 1972 Nixon cut benefits for disaster victims and then passed legislation to push responsibility for disaster preparation and mitigation on to states and localities The impact led to the rise of emergency management and inspired the development of the Federal Emergency Management Agency FEMA With a particular focus on events in New York and Pennsylvania Timothy W Kneeland narrates how local state and federal authorities responded to the immediate crisis of Hurricane Agnes and managed the long term recovery The impact of Agnes was horrific as the storm left 122 people dead forced tens of thousands into homelessness and caused billions of dollars in damage from Florida to New York In its aftermath local officials and leaders directed disaster relief funds to rebuild their shattered cities and reshaped future disaster policies *Playing Politics with Natural Disaster* explains how the political decisions by local state and federal officials shaped state and national disaster policy and continues to influence emergency preparedness and response to this day
