*Plumb 4 Gen* Chintan Daiya, 2018-06-08 This book is a collection of knowledge passed down four generations of the Daiya family It is in continuity of the vision of better plumbing and sanitation in India The idea of having this book originated by my father Deepak Daiya who went into the rural parts of Maharashtra to train unemployed youth and empower them with the skill which not only provided them livelihood but also ensured a safer and hygienic community this was long before the dream of Swachh Bharat was envisioned This book is pretty much a successor to the earlier edition of *Plumbing Made Easy for Common Man* written by him which is now also available in Marathi and being translated in other languages while I write this In general there is no particular way of reading this book you may directly jump to chapters you may be keen on referring to first even though I have tried my best to keep it in an order where reading it chapter wise will only enhance your knowledge in a step by step manner and thus strongly encourage that My experience and interactions with the World Plumbing Council Indian Plumbing Association Maharashtra Plumbing Association Brihan Mumbai Licensed Plumbers Association Singapore Plumbing Society and the Indian Plumbing Skill Council has added to my knowledge and enabled me to start writing it really started with writing a few articles there are so many people in these institutions I could fill a book thanking them all though I have named some at the end of this book that does not reduce my gratitude towards the others My friends at the Chitkara University further helped me realise this vision for whom I created study manuals and eventually amalgamated those snippets into this publication While I have tried my level best to provide the most accurate and current information my personal professional experience added with the experience of my ancestors in plumbing is what is elicited in this document While I am still learning while teaching I promise to keep updating this book as long as I can Monthly
