Henry Martyn Field

Long March The:

The Long March Shuyun Sun,2006 Every nation has its founding myth and for modern China it is the Long March In 1934 the fledgling Communist Party and its 200 000 strong armies were forced out of their bases by Chiang Kaishek and his National troops Walking more than 10 000 miles over mountains grassland and swamps they suffered appalling casualties and ended up in the remote barren North Just one fifth survived they went on to launch the new China in the heat of revolution A legend was born Justified by a remarkable feat the Long March was also a triumph of propaganda for Mao and for the revolution Seventy years later Sun Shuyun set out to retrace the Marchers steps The rugged landscape has changed little Her greatest difficult was in wrestling with the scenes lodged in her mind since childhood part of the upbringing of every Chinese On each stage of her journey she found hidden stories the ruthless purges the terrible toll of hunger and disease the fate of women on the March the huge number of desertions the futile deaths The real story of the March the most vivid pictures come from the veterans whom Sun Shuyun has found She follows their trail through all those harsh miles discovers their faith and disillusion their pain and their hopes and also recounts how many suffered even after the March s end in 1936 The Long March was an epic journey of endurance even more severe than history books say and courage against impossible odds It is a brave exciting and tragic story Sun Shuyun tells it for the first time as it really happened **Words**

and Their Stories Ban Wang,2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested

The Long March William Styron,1952 In the shadow of the Korean War a series of misfired mortar shells kill eight men in a Marine camp during a training exercise prompting the commanding officer to order a grueling punishment a thirty six mile march through the suffocating heat of the Carolina summer Intended to beat discipline into the aging reservists the march instead rankles Lieutenant Culver and Captain Mannix whose growing resentment of the brutal trek leads to an ultimate powerful act of rebellion The Long March is a withering critique of a military system that leaves no room for dignity or personal identity Told in part through flashbacks and dream sequences the story is immersed in vivid language and philosophical reflection a poignant defense of the individual in the face of attempted dehumanization *The Art of Weaving, by Hand and by Power* Clinton G.
