

Long Live The Child

Michael Brown

Long Live The Child:

The Figure of the Child in WWI American, British, and Canadian Children's Literature Elizabeth A.

Galway, 2022-03-30 Over the past century much attention has been paid to the literature written for adults in response to the First World War but there has been comparatively little consideration of how the war influenced literature for young readers at the time Based on extensive archival research this study examines an array of wartime writing for young people and provides a new understanding of the complexities and nuances within children's literature of the period In its discussion of nearly 150 primary sources from Britain Canada and the United States this volume considers some well known texts but also brings to light forgotten children's literature of the era providing new insights into how WWI was presented to the young people whose lives were indelibly impacted by the crisis Paying special attention to the varied ways in which child figures were depicted it reflects on what these portrayals reveal about adult conceptualizations of youth and it considers how these may have shaped young readers own views of armed conflict citizenship and childhood From the helpless victim to the heroic combatant child figures appeared in many guises exposing a range of adult concerns about nation empire and children's citizenship Exploring everything from alphabet books for beginning readers to recruitment materials for high school students this book examines works from multiple genres and provides a uniquely comprehensive study of transatlantic children's literature produced during the first global war

Norse Magical and Herbal Healing Ben Waggoner, 2011-09-01 Written in Iceland around the year 1500 the little book now known only as AM 434a is a treasure trove of medieval medical knowledge The book lists healing uses for over ninety different herbs It gives advice on health matters ranging from bloodletting to steam baths to the influence of the moon on health and human life And it contains a number of magical spells charms prayers runes and symbols to bring health wealth and good fortune The roots of the healing traditions in AM 434a go back thousands of years before the book itself was written We are honored to present the first complete English translation of AM 434a Complete notes and commentary explain this text's historical and cultural background Medievalists historians of science and magic herbalists and anyone interested in medieval Scandinavian lore and life will find this book indispensable
