go to school after that As a result the three oldest boys in the family never went past eighth grade There were other reasons to stay home and the most important one was they had no decent clothing The book tells about the Authors mother removing the white stripes from an old pair of band pants and one of the three boys who never completed high school then removing all the little white threads so that he could wear the pants to school He also had no decent shoes so he added home made soles to the bottoms of a pair of his work shoes by attaching them with roofing nails so that he could make the long four mile walk to the school After several trips the nails poked through the bottoms of the shoes and wore holes in his feet Because of that and the lure of the upcoming hunting season and the need to work on the farm he quit school after only a month or so Except for the three oldest boys all of the kids completed high school and several went on to college The book describes such things as making hay the old fashioned way husking corn by hand hoeing corn and then picking rocks while resting butchering a pig delivering baby pigs and calves threshing to separate the grain from the straw and the authors Mom squirting milk straight from the cows tit at cats and grandkids Also described are how the young boys in the family learned to handle a team of horses when they were only 10 years old how one of the boys accidentally cut off his little sisters finger how an uncle lost his leg to the stump puller how the author when he was only eight years old tried to explain to a blind preacher how to use the out house and the Sears Roebuck catalog which was used instead of toilet paper Also described and a little more on the lighter side one of the authors sisters claimed that you havent lived until you ran barefoot through a cow pasture and felt the warmth of a fresh cow patty ooze up between your toes The early chapters also describe the authors time in the US Navy where he was sea sick every time the ship left the dock Hunting stories tell of deer hunting with more failures than successes One successful [The Long Walk](#) Slavomir Rawicz,1976-07-01 [Going Places](#) Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives [Going Places A Reader s Guide to Travel Narratives](#) meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing [Read On...Life Stories](#) Rosalind Reisner,2009-09-23 Scores of appeal based reading lists cover topics you ll never find in the library catalog from extraordinary women and overcoming adversity to sports talk spiritual journeys and luminous prose With the genre of memoirs filled with so many titles and from such a variety of authors it is hard to grasp what s available and what s
