**Longfellow** Henry Wadsworth Longfellow, 1966      **Longfellow** Henry Wadsworth Longfellow, 1959      *Selected Poetry* Henry Wadsworth Longfellow, 1959      **The Cambridge Companion to the Literature of the American Renaissance** Christopher N. Phillips, 2018-03-07 The American Renaissance has been a foundational concept in American literary history for nearly a century The phrase connotes a period as well as an event an iconic turning point in the growth of a national literature and a canon of texts that would shape American fiction poetry and oratory for generations F O Matthiessen coined the term in 1941 to describe the years 1850 1855 which saw the publications of major writings by Hawthorne Melville Emerson Thoreau and Whitman This Companion takes up the concept of the American Renaissance and explores its origins meaning and longevity Essays by distinguished scholars move chronologically from the formative reading of American Renaissance authors to the careers of major figures ignored by Matthiessen including Stowe Douglass Harper and Longfellow The volume uses the best of current literary studies from digital humanities to psychoanalytic theory to illuminate an era that reaches far beyond the Civil War and continues to shape our understanding of American literature      **American Literature Before 1880** Robert Lawson-Peebles, 2003-11-13 American Literature Before 1880 attempts to place its subject in the broadest possible international perspective It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards In between the book examines the projection of images of the East onto an as yet unrecognised West the cultural consequences of Viking Colombian and then English migration to America the growth and independence of the British American colonies the key writers of the new Republic and the development of the culture of the United States before and after the Civil War It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature The book therefore begins with a lengthy survey of earlier histories of American Literature      *Howard Nemerov* Peter Meinke, 1968-10-01 Howard Nemerov American Writers 70 was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions
