Look Whos Talking On The Farm:

The Farm Fires Laurie Loveman, 2002-10-14 As a result of having never known his parents Freddy Pratter never allows anyone to know his true feelings When newly divorced Glynis Hampton moves back to a village near Woodhill a chance meeting and a shared love of photography bring Freddy and Glynis together With the complications of an old high school sweetheart a fire a murder and personal secrets it seems unlikely that Freddy and Glynis will be able to reveal their true feelings for one another

Look Who's Talking Michael A. Tueller, 2008 Look Who's Talking examines the methods by which the ancient reader identified the speaker and addressee of epigram and how these methods were manipulated by hellenistic epigrammatists Conventions in place from epigram's inscribed heritage were used at first to maintain the conceit of inscription but later formed the basis for mixing of epigrammatic subgenres or even in the case of Asclepiades the creation of erotic epigram Among the most significant hellenistic innovations are the development of a passerby motif and the evolution of epigram's tendency to address its inherent writtenness The book also traces the development of the ancient habit of equating an artistic image with the thing or being it represented Nossis later joined by Theocritus and Callimachus developed a stance from which they could critique this subtle equation This book thinks of hellenistic epigram the way its authors did from the background of inscription and consequently discovers many of the places where hellenistic epigrammatists hoped to make their mark
