Chateaubriand**

Lord Grey 1764 1845:

Lord Grey, 1764-1845 E. A. Smith, 1990 A modern biography of Lord Grey who was a leading figure in the Whig party from the 1780s to 1830s and is best known as the Prime Minister who passed the Great Reform Act of 1832 This study shows Grey as an important force in maintaining the continuity of British government and institutions Lord Grey of the Reform Bill George Macaulay Trevelyan, 1920 It was a happy chance that caused the authorized life of the second Earl Grey to be left half finished And that induced the Lord Grey to assign the task to Mr George Trevelyan **The Life of Sir Thomas Fowell Buxton** David Bruce, 2013-12-05 The social conscience of Sir Thomas Fowell Buxton 1786 1845 developed as he operated a brewery in Spitalfields nineteenth century London s poorest parish His interest and research on penal discipline brought him national prominence and led to a parliamentary career that lasted nearly two decades Buxton s association with noted activist William Wilberforce led to his own involvement in the anti slavery movement a cause he fiercely championed resulting in Britain s abolition of slavery in 1834 Buxton s involvement in the disastrous 1841 Niger expedition effectively ended his public career and paved the way to British imperialism in Africa A man of many interests Buxton also supported Catholic emancipation and ending the Hindu suttee Few nineteenth century social reformers have had as much of an impact or have cast as long a shadow as Buxton At the time of his death many saw him as the epitome of Christian activism yet today Buxton remains largely ignored and forgotten David Bruce examines the life of one of Great Britain s most prominent social activists Using his personal papers and the papers and books of his friends associates and contemporaries *The Life of Sir Thomas Fowell Buxton* paints a portrait of a unique individual driven to improve his world *Industrialization and Imperialism, 1800-1914* Jeffrey A. Bell, 2002-11-30 This book presents an age of nationalism imperialism modernization industrialism and great cultural achievement stretching from 1800 when Europe was awash in the wake of the French Revolution the reign of terror and the coming rise of Napoleon to Archduke Franz Ferdinand s assassination in 1914 Concise biographical entries provide basic information on the great talents of the era Beethoven the Romantic poets Hegel as well as leaders in the modernization and industrialization of Western culture Included are figures who played major roles on the imperialist and nationalist stage those such as Darwin and Planck who made significant contributions to science and those who struggled for women s rights and Abolition in the United States Sir Charles Grey, First Earl Grey Paul David Nelson, 1996 Considering Grey s importance and the prominence of the family he helped to found it is surprising that he has been neglected by history Only a short sketch in the Dictionary of National Biography and an article by Sir John Fortescue in the Edinburgh Review have ever attempted even perfunctory assessments of his life As a man and an army officer Grey represented some of the best qualities of eighteenth century British civilization In America he fought during the War of American Independence and in 1794 in the West Indies against France Hence as Nelson shows his career is important in American History Given his long service to the British nation in all her wars from 1744 to 1800 it is clear from Nelson s

account that Grey is an important character in British history as well During his lifetime Grey proved himself a reliable and successful soldier earning and deserving all his honors Knight of the Bath in 1782 baron in 1801 viscount and earl in 1806

The Foxite Whigs and Visual Culture, 1780-1810 Callum D. Smith, 2025-08-22 This book offers a comprehensive exploration of the intricate relationship between radicalism and sociability in late Georgian parliamentary and extra parliamentary politics focusing on the Foxite Whig faction Re evaluating the significance and tactical use of sociability and radicalism in late eighteenth and early nineteenth century British politics the book charts not only the rise and fall of a leading and neglected British political faction but through its interdisciplinary and thematic focus it seeks to intervene in the field and situate sociability as a key driver and facilitator of late Georgian politics By utilising original research into contemporary newspapers letters diaries legal records parliamentary accounts and especially political caricature the author offers a new methodological approach in the study of sociability and radicalism and presents original categorisations of contemporary sociability The book examines how sociability was strategically employed by the Foxite Whigs and argues for the existence of two primary forms of sociability insular and porous Insular sociability manifested itself through dining drinking to excess or gambling in a private setting with members of the same aristocratic or political order Porous sociability however was the extra parliamentary mechanism by which Fox and his faction tactically opened their insular Whig World to forge connections with the lower orders French revolutionary leaders popular radicals and Irish rebels The author provides a detailed analysis of Foxite sociability within the context of distinct radical themes including plebeian radicalism French Revolutionary radicalism and Irish radicalism Beyond its innovative methodological approach to sociability studies the book foregrounds visual culture as a lens through which to study and enter the wordless experience of the eighteenth century and to view the themes of sociability and radicalism from within In doing so the it reveals the inconsequential or informal dynamics of the Foxites political and extra parliamentary career from their origin in c 1780 to their decline in the early nineteenth century
