stands seems to function as a mechanism that entrenches the powerful compels new contenders to yield and condemns the already vulnerable to remain in a state of disempowerment serving the interests of the elite A key point of this book is the exclusive use of religion in India as a means to manipulate the populace into voting to preserve the powerful s authority Furthermore a highly contentious observation within the book is the metamorphosis of religious adherence what begins as a quest for personal peace and the fulfillment of fundamental needs food water shelter finances family happiness ironically culminates in individuals perceiving themselves as soldiers of God self appointed guardians of their religion a stark departure from their original motivations
