## **Patterns In Criminal Homicide:**

Patterns in Criminal Homicide Marvin E. Wolfgang, 2016-11-11 This volume is a statistical and sociological analysis of one of the leading causes of death in the United States Combining original research and a review of all major previous studies on criminal homicide in America this study attempts to discover and to analyze patterns in criminal homicide from among almost six hundred cases that occurred in the city of Philadelphia between January 1 1948 and December 31 1952 The primary source of data utilized by Marvin E Wolfgang was the files of the Homicide Squad of the Philadelphia Police Department Answers were sought to a series of questions regarding 588 victims and 621 offenders involved in criminal homicide with respect to the following race sex and age differences methods and weapons used to inflict death seasonal and other temporal patterns spatial patterns the relationship between the use of alcohol and homicide the degree of violence in homicide motives the interpersonal relationship between victim and offender homicide occurring during the commission of another felony victim precipitated homicide homicide suicide unsolved homicide the tempo of legal procedure court disposition and insanity as a factor in homicide The broad range of material examined in this volume makes it one of the most comprehensive studies undertaken in recent years Although dealing basically with records of homicide accumulated in Philadelphia *Patterns in Criminal Homicide* has implications that hold true for every large urban community It is a work of utmost importance to the student of sociology because of its general sociological perspective to all students of criminology to the police especially the homicide division of any police department to law students lawyers and judges and to those agencies in the community concerned with the control and prevention of violent crime *Patterns in Criminal Homicide* Marvin E. Wolfgang was the greatest criminologist in the United States of America in the last half of the 20th century if not the entire

century We first met on March 3 1977 in Philadelphia I sought him out after his work with Edwin Newman's NBC Reports

Violence in America He was a tender loving caring individual who loved excellence whether it be an intellectual challenge the

arts or any other pursuit It is a great privilege to take part in honoring Marvin Wolfgang a great American Our approaches to

the subject of crime came from different perspectives one as a researcher and the other as the founder of one of the world's largest security services companies We both wanted to understand the causes of crime and our discussions began a more than 21 year friendship based on mutual respect and shared values Dr Wolfgang's scholarship aimed for the goal of promoting a safer more prosperous society one in which economic opportunity replaced criminal enterprise He never saw crime in isolation but as part of a complex web of social relations Only by understanding the causes and patterns of crime can society find ways to prevent it Only through scholarship can the criminal justice community influence policy makers To encourage the innovative scholarship that marked Marvin's career Guardsmark established the Lipman Criminology Library at the University of Pennsylvania at his request and created a national criminology award in his name the Wolfgang Award for Distinguished Achievement in Criminology The Social Reality of Crime Wilhelm Roepke, 2017-09-29 Richard Quinney's The Social Reality of Crime remains an eloquent and important statement on crime law and justice At the time of its appearance in 1970 Quinney's theory not only liberated the field from a recitation of the practices of the police courts and corrections it also represented a marked departure from traditional analysis which viewed criminal behavior as pathological Quinney not only advanced criminological thought he inspired scores of students of crime and criminal justice to reorient their perceptions of the justice system The Social Reality of Crime swept the criminological community and motivated an entire generation of researchers to question definitions of crime and labels of criminality The book's popularity quickly turned Quinney into a criminologist with an international reputation Excerpts from the book's first chapter which is devoted to the theory of the social reality of crime are now routinely reprinted in anthologies on criminology and deviant behavior The theory itself is discussed in most criminology textbooks This new edition of The Social Reality of Crime will renew inspiration for Quinney's unique critical social constructionist perspective that has been so significant to the development of theoretical work in the fields of criminology social problems and the sociology of law *Homicide* Anna Victoria Wilson, 1993
