Patrick Kavanagh:

Patrick Kavanagh, A Biography Antoinette Quinn, 2003-09-25 Antoinette Quinn's acclaimed biography of Patrick Kavanagh, the most important Irish poet between the death of W. B. Yeats and the rise of Seamus Heaney, tells the triumphant story of his journey from homespun balladry through early journal and poetry publications to his eventual coronation as one of the most influential figures in Irish poetry. Kavanagh (1904-1967) was born in County Monaghan, the son of a cobbler-cum-small farmer. He left school at thirteen to work the land but continued to educate himself, reading and writing poetry in his spare time. In 1929 he began contributing verses to the *Irish Statesman* and was soon publishing in Irish and English journals. His first collection, *Ploughman and Other Poems*, appeared in 1936 and was followed by an autobiography, *The Green Fool*, in 1938. In 1939 he moved to Dublin, where he spent the rest of his life as a freelance writer and as part of the social and literary scene, keeping company with a gifted generation of writers among them Flann O'Brien and Brendan Behan. He gained recognition as an important literary voice with his long poem *The Great Hunger* in 1942. Further collections and the novel *Tarry Flynn* appeared in the following decades to growing critical acclaim. Published to widespread praise, *Patrick Kavanagh: A Biography* traces Kavanagh's publishing history as well as revealing what he was writing in the long interval between his books. This engaging, well-researched account of his daily professional life as a writer, his revisions and redraftings, his negotiations with publishers and editors, dispels the view that he was an untutored, gormless genius visited by an occasional flash of inspiration. *Patrick Kavanagh: A Biography* is the definitive account of Patrick Kavanagh's life and work and should be the standard for years to come.

The Cambridge Companion to Contemporary Irish Poetry Matthew J. B. Campbell, 2003
In the last fifty years Irish poets have produced some of the most exciting poetry in contemporary literature, writing about love and sexuality, violence and history, country and city. This book provides a unique introduction to major figures such as Seamus Heaney but also introduces the reader to significant precursors like Louis MacNeice or Patrick Kavanagh and vital contemporaries and successors among others Thomas Kinsella, Paul Muldoon and Nuala Ni Dhomhnaill. Readers will find discussions of Irish poetry from the traditional to the modernist, written in Irish as well as English, from both North and South. This Companion, the only book of its kind on the market, provides cultural and historical background to contemporary Irish

poetry in the contexts of modern Ireland but also in the broad currents of modern world literature It includes a chronology and guide to further reading and will prove invaluable to students and teachers alike *Patrick Kavanagh* Darcy O'Brien,1975 In reviewing the modern Irish writer s career and works the author examines the controversies that marked his life [The Cambridge Companion to Irish Poets](#) Gerald Dawe,2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times **The Complete Poems** Patrick Kavanagh,1972 **The Complete Poems of Patrick Kavanagh** Patrick Kavanagh,Peter Kavanagh,1972 *An Irish Literature Reader* Maureen O'Rourke Murphy,James MacKillop,2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course friendly alternative to the Field Day anthology editors Maureen O Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature including Old Irish epic and lyric poetry Irish folksongs and drama For each author the editors provide a biographical sketch a brief discussion of how his or her selections relate to a larger body of work and a selected bibliography In addition this new volume includes a larger sampling of women writers [Sacred Keeper](#) Peter Kavanagh,1979 **Modern Irish Writers** Alexander G. Gonzalez,1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume *Farming in Modern Irish Literature* Nicholas Grene,2021-08-05 This innovative study analyzes the range of representation of farming in Irish literature in the period since independence partition in 1922 as Ireland moved from a largely agricultural to a developed urban society In many different forms including poetry drama fiction and autobiography writers have made literary capital by looking back at their rural backgrounds even where those may be a generation back The first five chapters examine some of the key themes the impact of inheritance on family in the patriarchal system where there could only be one male heir the struggles for survival in the poorest regions of the West of Ireland the uses of childhood farming memories whether idyllic or traumatic and the representation of communities

challenging the homogeneous idealizing images of the Literary Revival the impact of modernization on successive generations into the twenty first century The final three chapters are devoted to three major writers in whose work farming is central Patrick Kavanagh the small farmer who had to find an individual voice to express his own unique experience John McGahern in whose fiction the life of the farm is always posited as alternative to a rootless urban milieu and Seamus Heaney who re imagined his farming childhood in so many different modes throughout his career Farming in Modern Irish Literature yields original insights into the literary iconography of rural Ireland and its interplay with social and cultural history opening up fresh vistas on the achievements of Irish writers in different genres styles and historical eras
