## Paul Cezanne:

*Paul Cézanne, 1839-1906* Ulrike Becks-Malorny, 2001 From banker to painter Cezanne and the Impressionists Harmony in parallel with nature Still lifes Mont Saint Victoire Latter years *Conversations with Cezanne* Paul Cézanne, 2001-07-10 This book gathers the commentary of people who knew the painter Paul Cezanne especially in his later years Now seen as one of the most influential of modern painters in his 40s he returned to his village of Aix en Provence where he worked in near obscurity and with great dedication until his death in 1906 **Paul Cézanne 1839-1906** Anna Barskaya, Yevgenia Georgievskaya, 2011-07-01 Since his death 200 years ago C zanne has become the most famous painter of the nineteenth century He was born in Aix en Provence in 1839 and the happiest period of his life was his early youth in Provence in company with Emile Zol another Italian Following Zol s example C zanne went to Paris in his twenty first year During the Franco Prussian war he deserted the military dividing his time between open air painting and the studio He said to Vollard an art dealer I m only a painter Parisian wit gives me a pain Painting nudes on the banks of the Arc a river near Aix is all I could ask for Encouraged by Renoir one of the first to appreciate him he exhibited with the impressionists in 1874 and in 1877 He was received with derision which deeply hurt him C zanne s ambition in his own words was to make out of Impressionism something as solid and durable as the paintings of the museums His aim was to achieve the monumental in a modern language of glowing vibrating tones C zanne wanted to retain the natural colour of an object and to harmonise it with the various influences of light and shade trying to destroy it to work out a scale of tones expressing the mass and character of the form C zanne loved to paint fruit because it afforded him obedient models and he was a slow worker He did not intend to simply copy an apple He kept the dominant colour and the character of the fruit but heightened the emotional appeal of the form by a scheme of rich and concordant tones In his paintings of still life he is a master His fruit and vegetable compositions are truly dramatic they have the weight the nobility the style of immortal forms No other painter ever brought to a red apple a conviction so heated sympathy so genuinely spiritual or an observation so protracted No other painter of equal ability ever reserved for still life his strongest impulses C zanne restored to painting the pre eminence of knowledge the most essential quality to all creative effort The death of his father in 1886 made him a rich man but he made no change in his abstemious mode of living Soon afterwards C zanne retired permanently to his estate in Provence He was probably the loneliest of painters of his day At times a curious melancholy attacked him a black hopelessness He grew more savage and exacting destroying canvases throwing them out of his studio into the trees abandoning them in the fields and giving them to his son to cut into puzzles or to the people of Aix At the beginning of the century when Vollard arrived in Provence with intentions of buying on speculation all the C zannes he could get hold of the peasantry hearing that a fool from Paris was actually handing out money for old linen produced from barns a considerable number of still lifes and landscapes The old master of Aix was overcome with joy but recognition came too late In 1906 he died from a fever contracted while painting in a downpour of rain

**Paul Cezanne** Paul Cézanne,Meyer Schapiro,1962 **Paul Cézanne** Iain Zaczek,2014-08-01 It s strange to think that when Paul C zanne began his work as an artist people laughed at him In 1874 C zanne s work appeared in the very first exhibition of Impressionist art Now he s viewed as one of the artists to shape modern art as it is today Readers discover this incredible artist through his biography and full color examples of his paintings including The Card Players Tiny details are revealed through palette samples and close up images of small parts of his work like the signature at the bottom of The House of the Hanged Man Cézanne in the Studio Carol Armstrong,2004-11-01 In the last years of his life Paul C zanne produced a stunning series of watercolors many of them still lifes Still Life with Blue Pot is one of these late masterpieces that is now in the collection of the Getty Museum In C zanne in the Study Still Life in Watercolors Carol Armstrong places this great painting within the context of Cezanne s artistic and psychological development and of the history of the genre of still life in France Still life like the medium of watercolor was traditionally considered to be low in the hierarchy of French academic paintings C zanne chose to ignore this hierarchy creating monumental still life watercolors that contained echoes of grand landscapes and even historical paintings in the manner of Poussin the highest of classical art forms In so doing he changed his still lifes with new meanings both in terms of his own notoriously difficult personality and in the way he used the genre to explore the very process of looking at and creating art Carol Armstrong s study is a fascinating exploration of the brilliant watercolor paintings that brought C zanne s career to a complex and triumphant conclusion The book includes new photographic studies of the Getty s painting that allow the reader to encounter this great watercolor as never before in all of its richness and detail *Paul Cézanne, 1839-1906* Paul Cézanne,1929 **Paul Cézanne** Sean Connolly,2006-05-03 This brand new edition of this popular series exploring the lives of the world s greatest artists and the events that influenced their masterpeices Each book includes reconstruction artwork or photos of the artists throughout their careers beautifully reproduced samples of their work and timelines that pull it all together Paul Cezanne Nathaniel Harris,2006 A series that uncovers the life and times of some of the most important and influential artists of the modern world It includes easy to follow chronological structure illustrated with colour and black and white contemporary photographs It also features detailed
