Pauls Case:

Paul's Case Willa Cather, 2009-04-28 Uprooted from a well ordered life in Virginia when she was nine Willa Cather came of age in the West during the last years of the American frontier She developed a love for the beauty of the open grassland and an abiding interest in the Old World customs of her neighbors the dreamers and builders who inhabit her fiction This collection includes work from the early part of Cather s career and clearly marks themes and landscapes that she would detail and explore for the remainder of her life *Paul's Case and Other Stories* Willa Cather, 2012-11-01 Includes the title story and A Wagner Matinee both revised by Cather for publication in 1920 Lou the Prophet 1892 Eric Hermansson s Soul 1900 and The Enchanted Bluff 1909 Paul's Case Willa Cather, 2005-01-01 Edith Wharton, Willa Cather, and the Place of Culture Julie Olin-Ammentorp, 2025-11 This comparative study of Edith Wharton and Willa Cather combines biographical historical and literary analyses to reveal the profound similarities in their theories of fiction their understanding of the interconnectedness of place culture and experience and their concerns about American culture **Teaching Literature and Medicine** Anne Hunsaker Hawkins, Marilyn Chandler McEntyre, 2016-01-01 Both the actualities and the metaphorical possibilities of illness and medicine abound in literature from the presence of tuberculosis in Franz Kafka s fiction or childbed fever in Mary Shelley s Frankenstein to disease in Thomas Mann s Death in Venice or in Harold Pinter s A Kind of Alaska from the stories of Anton Chekhov and of William Carlos Williams both doctors to the poetry of nurses derived from their contrasting experiences These are just a few examples of the cross pollination between literature and medicine It is no surprise then that courses in literature and medicine flourish in undergraduate curricula medical schools and continuing education programs throughout the United States and Canada This volume in the MLA series Options for Teaching presents a variety of approaches to the subject It is intended both for literary scholars and for physicians who teach literature and medicine or who are interested in enriching their courses in either discipline by introducing interdisciplinary dimensions The thirty four essays in Teaching Literature and Medicine describe model courses deal with specific texts authors and genres list readings widely taught in literature and medicine courses discuss the value of texts in both medical education and the practice of medicine and provide bibliographic resources including works in the history of medicine from classical antiquity

Violence, the Arts, and Willa Cather Joseph R. Urgo, Merrill Maguire Skaggs, 2007 Willa Cather was devoted to making art in the face of violence Here she emerges as a resource for survival in an age of terror an artist who encourages her readers to feel at home in the nexus of creativity and terror and to seek creative responses to the horror of human life

Lucan Perspective on Paul Janusz Kucicki, 2022-06-16 Despite all scientific doubts regarding Acts Luke s writing was and still is an extremely important source for understanding the man who contributed the most directly or indirectly to the canon of the New Testament Luke is the first known to us person who recognized the importance of Paul s life and his mission activities as well as Paul s innovative interpretation of the whole Jewish tradition that can be compared only with

Copernicus statement that resulted in a totally new concept of the relationship between mankind and God where the center of the relationship is Jesus of Nazareth the Resurrected Messiah for both Jews and Gentiles Although Luke did not save Paul for us because Paul produced many writings on his own he did however give us a very important look at Paul that balanced the rejection of Paul as the Jewish teacher with his indispensable contribution to transferring the Jewish concept of God into the Hellenistic religions systems Without the Acts of the Apostles we would have to create a picture of Paul based on his writings which is quite a challenging task If the letters of Paul gave us some accounts about Paul s attitude and thoughts in particular situations then Luke s Acts supplies this particular perspective with a deeper evaluation of Paul by a second witness Luke definitely wants to present to the reader s his Paul who does not necessarily have to be unlike the historical Paul
