

A photograph of a religious altar. In the center is a monstrance, a golden vessel used for displaying the Eucharist, topped with a cross. It sits on a white, tiered base. Seven lit candles in black holders are arranged in a semi-circle around the base. The background is dark, and the scene is lit by the warm glow of the candles.

## **More Biblical Evidence For Catholicism:**

A Biblical Defense of Catholicism Dave Armstrong, 2003 Author David Armstrong shows that the Catholic Church is the Bible Church par excellence and that many common Protestant doctrines are in fact not Biblical **More Biblical Evidence for Catholicism** Dave Armstrong, 2007-05-18 My purpose is to accumulate biblical arguments in support of distinctively Catholic doctrinal positions with Protestant readers particularly in mind I also touch upon the closely related subjects of sola Scriptura the Protestant notion of Scripture Alone the Catholic Church's high regard for Holy Scripture and critiques from our separated Christian brethren with regard to matters of ecclesiology Church and Tradition Additionally a fair degree of emphasis has been devoted to certain common and erroneous charges against the Catholic Church and to dialogue back and forth discussion so that readers can have a sense of interaction with opponents of various Catholic doctrines and how they might be answered from Scripture history and reason Almost all of these chapters came about as a result of challenges and dialogues undertaken via e mail and Internet lists and bulletin boards from mid 1996 through to mid 2000 The Catholic Verses Dave Armstrong, 2004 Dave Armstrong here explains 95 key Bible passages that confound all who would use Scripture to criticize the Church Proving the Catholic Faith is Biblical Dave Armstrong, 2015-07-13 If you want quick substantive answers to the most common and even several uncommon claims that Catholic beliefs and practices aren't biblical then Proving the Catholic Faith is Biblical is the book for you In these pages veteran apologist Dave Armstrong carefully walks you through the key teachings of the Church revealing how each is rooted in Scripture He begins with several essays on tradition before moving into Ecclesiology explaining the basis of a single Church why priests are called father and whether Church councils are more authoritative than the pope Armstrong then justifies priestly celibacy before moving into the theology of salvation He illuminates the Church's teaching on predestination what believing in Jesus really means and the relationship between faith and good works He continues by explaining purgatory and penance the ritualism of the Holy Mass the Rosary the Communion of Saints Mary as Queen of Heaven papal infallibility annulments contraception the necessity of Hell and even the development of Church doctrine All told he offers here 80 powerful essays that make sense of so many Catholic beliefs and practices that puzzle non Catholics and cradle Catholics alike Read this book and you'll come to see that not only is the Catholic Faith thoroughly biblical it is the only Christian religion in full conformity with Scripture Bible Proofs for Catholic Truths Dave Armstrong, 2009-08-15 Over 2 000 Bible Proofs for Catholic Truths Contrary to what many believe Catholic doctrine is not made up by popes and theologians but is derived entirely from revelation as this book shows In it veteran Catholic apologist Dave Armstrong gathers in one place countless passages from Holy Scripture that point directly to the teachings of the Catholic Church This galaxy of more than 2 000 passages from the Bible is overwhelming evidence that on every side Catholic teachings are confirmed by Scripture Indeed these passages show that the Catholic Church has a more complete grasp of the meaning of Scripture than those who try to use Scripture to discredit the Church

That is because Catholic teaching is based not on selective readings of Scripture but on understanding and veneration of the whole Bible in its organic interrelatedness. Catholic doctrines are not distilled from single passages quoted in isolation or out of context; they arise from an encounter with the whole of Scripture wherein passages on the same theme are read in light of each other so that together they lead the mind to a complete picture of the truth. That is why Dave Armstrong has gathered here under 115 thematic headings all the passages in Scripture relating to key Catholic doctrines. This arrangement makes it easy for readers to consider systematically as the Church does all the parts of the Bible that relate to any particular Catholic belief. Whether you're a Protestant seeking to understand Catholicism or a Catholic wanting to defend Catholic teaching or learn more about its biblical basis, this is the one book you need.

**The One-minute Apologist** Dave Armstrong, 2007. If you're looking for solid Catholic answers to common Protestant challenges but don't have lots of time, then reach for *The One Minute Apologist*. Here renowned Catholic apologist Dave Armstrong, author of *A Biblical Defense of Catholicism* and *The Catholic Verses*, has assembled over sixty of the claims and arguments that Protestants of all stripes most frequently level against the Church. Drawing on a lifetime of study in Scripture, history, and the works of Catholic and Protestant theologians, he delivers the essential Catholic replies to each claim, packaged for you in a compact and uniquely usable format. And since he's a convert from Evangelicalism, Armstrong presents these anti-Catholic claims with an insider's accuracy, using the special terms, references, and follow-up arguments that you're mostly likely to hear in real-world encounters and responds to them in a way Protestants can understand and appreciate. *The One Minute Apologist* is concise but never superficial. It cites or quotes more than a thousand Scripture verses along with the words of scores of saints and scholars, including many respected Protestant sources. Packing centuries of learning and wisdom into just a few tightly structured pages, *The One Minute Apologist* decisively refutes common Protestant claims. More accessible than thick theological tomes, more substantial than tracts, and better organized than other quick-answer books, *The One Minute Apologist* is the one source you'll find yourself turning to whenever you have the need to defend the Catholic Faith quickly, credibly, and well.
