Recollections Of Eminent Economists:

Recollections of Eminent Economists, 1989-06-18 This is a collection of essays by distinguished economists in which they recollect aspects of their research work They are linked by a common theme their involvement in government and business The essays cover a wide range of subjects including microeconomics and development economics

Recollections of Eminent Economists Jan Allen Kregel, 1989 [Exemplary Economists: North America](#) Roger Backhouse, Roger Middleton, 2000-01-01 Focuses on leading economists who were born or have spent the greater part of their lives in America

Exemplary Economists: Europe, Asia, and Australasia Roger Backhouse, Roger Middleton, 2000-01-01 A selection of autobiographical essays by economists whose work is recognised in current economic thinking They are based upon introductions to the Edward Elgar series Economists of the Twentieth Century The volume focuses upon those who have experience in Europe Asia and Australasia

A Companion to the History of Economic Thought Warren J. Samuels, Jeff E. Biddle, John B. Davis, 2008-04-15 Assembling contributions from top thinkers in the field this companion offers a comprehensive and sophisticated exploration of the history of economic thought The volume has a threefold focus the history of economic thought the history of economics as a discipline and the historiography of economic thought Provides sophisticated introductions to a vast array of topics Focuses on a unique range of topics including the history of economic thought the history of the discipline of economics and the historiography of economic thought

How Economists Model the World Into Numbers Marcel Boumans, 2004-12-17 Economics is dominated by model building therefore a comprehension of how such models work is vital to understanding the discipline This book provides a critical analysis of the economist's favourite tool and as such will be an enlightening read for some and an intriguing one for others

Finding Your Social Science Project John Gerring, Jason Seawright, 2022-10-13 A practical guide to finding your research topic applicable to all fields of social science

Economic Thought Since Keynes Michel Beaud, Gilles Dostaler, 2005-09-27 Economic Thought Since Keynes provides a concise overview of changing economic thought in the latter part of the twentieth century Offering a concise biography of 150 influential economists since Keynes it is an invaluable reference tool

Economic Careers Keith Tribe, 2002-09-11 In this volume fourteen senior economists describe their early introduction to the study of economics and their contribution to the development of academic economics in Britain With experience covering a period stretching from the mid 1920s to the late 1960s many of the contributors not only provide an insight into the role of university disciplines in the education system but describe their experience in wartime administration or as government advisors The interview format of the work makes for accessibility and readability in a sometimes arcane area of work

Economists' Lives E. Roy Weintraub, Evelyn L. Forget, 2007 This collection of essays a supplement to History of Political Economy brings together prominent scholars from economics sociology literature and history to examine the role of biography and autobiography in the history of economics The first of its kind this volume looks at the relevance of

first person accounts to narrative histories of economics The essays consider both the potential and the limits of life writing which has traditionally been used sparingly by historians of economics and examine types of biographies the relationship between autobiography and identity and the writing of biography Contributors to this collection question whether biography is essential to understanding the history of economic ideas and consider how autobiographical materials should be read and interpreted by historians Articles consider the treatment of autobiographical materials such as conversations and testimonies the construction of heroes and villains the relationship between scientific biography and literary biography and concerns related to living subjects Several essays address the role of biography and autobiography in the study of economists such as F A Hayek Harry Johnson Alfred Marshall John Maynard Keynes Oskar Morgenstern and Fran ois Quesnay concluding with several accounts of the interconnection of the historians projects with their own autobiographies All 2007 subscribers to History of Political Economy will receive a copy of Economists Lives Biography and Autobiography in the History of Economics as part of their subscription Contributors Roger E Backhouse Bruce Caldwell Lo c Charles William Coleman Robert W Dimand Paul John Eakin Ross B Emmett Evelyn L Forget Craufurd D Goodwin Peter Groenewegen Malachi Haim Hacoheh Jan Otmar Hesse Patricia Laurence Frederic S Lee Robert Leonard Tiago Mata D E Moggridge Jeremy D Popkin Mike Reay Christine Th r E Roy Weintraub Trains of Recollection Drawn from Fifty Years of Railway Service in Scotland and Canada David Blyth Hanna,1924 *The Economist* ,1871 Forthcoming Books Rose Army,2004 **Baumol's Cost Disease** William J. Baumol,1997 Baumol s Cost Disease is the inevitable escalation of the real costs that occur in labour intensive industries like the arts health care and education The labour costs in these industries tend to increase at the same rate as other industries but their scope for utilizing labour saving technical progress is either small or non existent The book opens with an introduction by Ruth Towse in which there is an overview of William Baumol s work In this discussion Ruth Towse examines Baumol s work in the context of the development of the economics of the arts The volume is then divided into parts and begins by introducing William Baumol s work through several autobiographical essays This is followed by some of his early contributions to cultural economics and the cost disease William Baumol s leading macroeconomic work on the unbalanced growth model is also included and the debate about it at its inception In parts three and four some of the more empirical papers on the arts are presented as well as essays on policy implications for the arts Following this are chapters on the theatre and publishing as well as historical studies of the arts and the implications of the cost disease for libraries health care and education This book contains William Baumol s contribution to cultural economics and spans over 30 years of writing on the subject much of which is not widely available It provides a real insight into the development of Baumol s analysis and his perception of the problems of the arts and other labour intensive sectors **Post Keynesian Economics** John Edward King,1995 Covers the most important items over three thousand entries published on Post Keynesian economics from the 1930s to 1994 The Future of the History of Economics E. Roy Weintraub,2002 The age of the contemplative
