Unconquered Scott Wallace,2012-07-24 NEW YORK TIMES BESTSELLER The extraordinary true story of a journey into the
deepest recesses of the Amazon to track one of the planet's last uncontacted indigenous tribes Even today there remain
tribes in the far reaches of the Amazon rainforest that have avoided contact with modern civilization Deliberately hiding from
the outside world they are the last survivors of an ancient culture that predates the arrival of Columbus in the New World In
this gripping first person account of adventure and survival author Scott Wallace chronicles an expedition into the Amazon's
uncharted depths discovering the rainforest's secrets while moving ever closer to a possible encounter with one such tribe
the mysterious flecheiros or People of the Arrow seldom glimpsed warriors known to repulse all intruders with showers of
deadly arrows On assignment for National Geographic Wallace joins Brazilian explorer Sydney Possuelo at the head of a
thirty four man team that ventures deep into the unknown in search of the tribe Possuelo's mission is to protect the Arrow
People But the information he needs to do so can only be gleaned by entering a world of permanent twilight beneath the
forest canopy Danger lurks at every step as the expedition seeks out the Arrow People even while trying to avoid them Along
the way Wallace uncovers clues as to who the Arrow People might be how they have managed to endure as one of the last
unconquered tribes and why so much about them must remain shrouded in mystery if they are to survive Laced with lessons
from anthropology and the Amazon's own convulsed history and boasting a Conradian cast of unforgettable characters all
driven by a passion to preserve the wild but also wracked by fear suspicion and the desperate need to make it home alive *The*
