Silent Nothing:

Living Silence Silvia Ostertag, 2013-12-01 This is a book on the practice of silent meditation and its transforming power. The brief poetic texts are thematically grouped to address the various aspects of the meditation practice such as the nature of silence, the importance of the present moment, obstacles the practitioner may encounter, and the integration into our everyday lives of the new insights the practice can give us. Silent meditation is the practice of letting go and allowing the silence to be heard and take hold. The reader catches glimpses of how practitioners of silent meditation become aware, little by little, of feeling connected with everything in a unique way of being at one with all and finding their lives gradually transformed. Silvia Ostertag's texts are based on talks she gave to the hundreds of students who sat with her. Sometimes humorous, sometimes sharply critical, through each one we feel her hope that we reach an awareness of the pure silence and the deep sense of oneness that is present in every human being who becomes conscious that the here and now, this very moment, this very place, is all that there is. *Silent Worlds* Olivier Mériel, Charles Juliet, 2006 French photographer Oliver Mériel b. 1955 has practiced photography for over 26 years. His work *Shakespeare's Spiral* François-Xavier Gleyzon, 2010-03-19 This book explores the figure of the snail in Shakespeare and in Renaissance painting. From the emergence of the gastropod object/subject in the text of King Lear and its iconic interface in Giovanni Bellini's painting *Allegory of Falsehood*, this study follows the path traced in 1914, *Speaking of Silence in Heidegger* Wanda Torres Gregory, 2021-10-06 In *Speaking of Silence in Heidegger* Wanda Torres Gregory critically analyzes Heidegger's thoughts on silence. Arguing that silence about silence is a guiding principle in his sparse and often reticent words, Torres Gregory sets out to decipher their elusive meanings. Charting the trajectory of Heidegger's reflections from *Being and Time* to *On the Way to Language*, she shows that he develops his ideas of silence in increasingly closer relations to his also evolving ideas of truth, as the unconcealedness of being, being and language, as disclosive, sonorous, saying. Torres Gregory distinguishes between human, primordial and primeval forms of silence and the linguistic, pre-linguistic and proto-linguistic levels at which silence can occur in relation to sonorous speech. While the book focuses on these inner conceptual dynamics, the author remains mindful of Heidegger's ties to National Socialism and clarifies how his theoretical assumptions allow for oppressive silencing. The book concludes with critical reflections on the later Heidegger's thinking of silence and proposes alternatives to his claims concerning the sound beyond sounds, the metaphysics of mystical silence, the uniquely linguistic essence of the mortals, and the loud, idle talk in the age of modern technology. **The Way of the Cross** Vlas Mikhaïlovich Doroshevich, 1916 **Out Of The Silence** Owen Mullen, 2021-03-23 A dark, thrilling crime drama from TOP 20 BESTSELLER. Owen Mullen. When British investigative reporter Ralph Buchanan is sent to Pakistan, he figures his best days are behind him. But he's about to embark on a story that will change his life forever. In the Punjab region, Dr. Simone Jasnin listens to an abused woman's harrowing story just before she dies. Afra's tale of sadistic cruelty is an all too common one in

the region but Dr Jasmin is determined not to let Afra's story die with her and she goes to Buchanan for help exposing the injustice. Seven years later members of a prominent Pakistani family are being brutally murdered one by one. The only clues are the hand-carved wooden bangles left at the scene of each crime. As the list of suspects grows and authorities come up short, Buchanan realizes the solution to the deadly riddle might be closer to home than he ever thought possible. It's a story that could make his name but at what cost? Owen Mullen is a best-selling author of psychological and gangland thrillers. His fast-paced twist-a-plenty stories are perfect for all fans of Lee Child, Ian Rankin, and Harlan Coben. Praise for Owen Mullen: A superb rollercoaster of a read. Gripping to the very last page. J. A. Baker: A gripping story with a totally unexpected ending. Loved it. Valerie Keogh: A gripping tale packed full of action, twists, and a dash of the unexpected, all perfectly paced to keep you hooked page after page. Reader Review: One of the very best thriller writers I have ever read. Reader Review: An absolute first-class book. Yet again this talented author delivers a gripping rollercoaster of a read. Reader Review: **The ((All))**

"Heaven" Charles Mazhar Merhebi, 2016-03-04. *The All Who Is Who Who Am I Who Are You* is a creative writing of subconscious fact in higher states of consciousness through which Merhebi presents his redefinition of the philosophy of feeling and understanding of the universe. This is an ideal gift to the one who has everything and a treasure to the one who has nothing. In over one hundred chapters, he shares a very important world and entertains our minds and souls. Merhebi emerges as a thinker, feeler, doodler, humorist, lover, and soul handler, and above all, he provokes your mind. He expresses his feelings and ideas in a variety of ways: poetically, theoretically, and mathematically, but always challenges the reader's feelings and beliefs on politics, religion, philosophy, personal self-sufficiency, trade, love, discrimination, parenthood, domination, relationships, time, and space, and the structure of the universe. His self-professed aim for this book is to generate a theory of the geometric forms of the invisible, common-sense logic, nothing to be truth. He proposes that as humans of the day, we believe in what is beyond our knowledge capacity and we function by need. He sees the challenge as one of bringing what we feel in line with what we know, harmoniously accommodating our conscious knowledge with the needs of our subconscious feelings. *The Current*, 1887. *Shirley*, Charlotte Brontë, 1899. *Leaders of the senate: a biographical history of the rise and development of the British constitution. 2 vols.
