Ramseys Revenge:

Ramsey's Revenge Will McLennan, 1991 *Red-Line: The Shift (Book One in The Red-Line Trilogy)* J. T. Bishop, 2014-10-26 Between the shelves of a quaint bookstore Sarah Randolph's ordinary life is about to be rewritten. Haunted by sleepless nights and the recent loss of her mother, Sarah has no idea she stands at the threshold of an extraordinary transformation or that the mysterious stranger who keeps appearing has been assigned to protect her. John Ramsey is a Protector with a troubled past and a dangerous mission to guide Sarah through her imminent Shift without revealing too much of the hidden world that exists alongside humanity. But Sarah is no ordinary human. As possibly the last female Red Line Shifter, a nearly extinct bloodline, she possesses abilities that haven't been seen in over sixty years, making her invaluable to the Council of elders who govern their kind. As Sarah's transformation accelerates, powerful forces conspire from the shadows. While two elderly Council members plot her death, another watches Ramsey's every move. When unexpected feelings develop between Sarah and her protector, the stakes become even higher when a powerful enemy threatens to unravel their growing connection and make Sarah his own. With time running out and the enemy closing in, Sarah must embrace her extraordinary heritage or risk becoming another casualty in a battle between good and evil that's about to reach its breaking point. In *Red Line: The Shift*, the first book of J. T. Bishop's captivating trilogy, readers are taken on a thrilling journey filled with suspense, romance, and unexpected twists. With elements of light sci-fi, urban fantasy, and paranormal romance, this page-turner will keep you on the edge of your seat until the very last page. *Red Line: The Shift* is followed by *Red Line: Mirrors* and *Red Line: Trust Destiny*.

Three for the Money Jack Kamen, Al Feldstein, 2021-07-13 This volume of the New York Times bestselling series of superbly restored classic crime and horror EC Comics re-presents the work of Jack Kamen, Al Feldstein, and Ray Bradbury. Grand Master crime novelist Max Allan Collins' *Road to Perdition* introduces these tales, which include the infamous *The Orphan*, one of the stories that got EC Comics into hot water during the U.S. Senate's investigation into comic books. *The October Game* is adapted from the chilling classic short story by Ray Bradbury, a gruesome look at a malevolent Halloween party game perpetrated by a man who believes the child of his unfaithful wife is not his. In *Frozen Assets*, a woman and her lover seal her still-living husband in a chest freezer. *Standing Room Only*: a brother murders his twin sister and her husband and disguises himself as her so he can inherit their estate. But then the estate lawyer makes a play for the widow. *Three for the Money*: A woman finds her husband dead with a knife in his back and a bullet in his head. The police arrest two suspects, but to get a conviction, they must determine who acted first: Who actually committed the murder and who stabbed or shot a man who was already dead.

The American Roman Noir William Marling, 1998-10-01 In *The American Roman Noir*, William Marling reads classic hard-boiled fiction and film in the contexts of narrative theories and American social and cultural history. His search for the origins of the dark narratives that emerged during the 1920s and 1930s leads to a sweeping critique of Jazz

Age and Depression era culture Integrating economic history biography consumer product design narrative analysis and film scholarship Marling makes new connections between events of the 1920s and 1930s and the modes styles and genres of their representation At the center of Marling s approach is the concept of prodigality how narrative represents having and having had too much Never before in the country he argues did wealth impinge on the national conscience as in the 1920s and never was such conscience so sharply rebuked as in the 1930s What asks Marling were the paradigms that explained accumulation and windfall waste and failure Marling first establishes a theoretical and historical context for the notion of prodigality Among the topics he discusses are such watershed events as the trial of Sacco and Vanzetti and the premiere of the first sound movie *The Jazz Singer* technology s alteration of Americans perceptive and figurative habits and the shift from synecdochical to metonymical values entailed by a consumer society Marling then considers six noir classics relating them to their authors own lives and to the milieu of prodigality that produced them and which they sought to explain Dashiell Hammett s *Red Harvest* and *The Maltese Falcon* James M Cain s *The Postman Always Rings Twice* and *Double Indemnity* and Raymond Chandler s *The Big Sleep* and *Farewell My Lovely* Reading these narratives first as novels then as films Marling shows how they employed the prodigality fabula s variations and ancillary value systems to help Americans adapt for better or worse to a society driven by economic and technological forces beyond their control *The Whole Story* John E.
