Pulp Politics:

Pulp Politics Glenn W. Richardson, 2008 Pulp Politics helps us understand how political ads work by exploring how people think and feel how our brains work and how we tell and listen to stories The book dissents from much popular and scholarly opinion that contends that political advertising only despoils democracy It proposes that the fabric of popular culture not the essentials of informed consent constitutes the communicative core of contemporary political campaigns The book subjects campaign spots to compellingly detailed and nuanced analysis *Horror Framing and the General Election* Fielding Montgomery, 2021-09-21 In Horror Framing and the General Election Ghosts and Ghouls in Twenty First Century Presidential Campaign Advertisements Fielding Montgomery reveals a pattern of mostly increasing horror framing implemented across presidential elections from 2000 to 2020 By analyzing the two most common frameworks of horror within U S popular culture classic and conflicted he demonstrates how such frameworks are deployed by twenty first century U S presidential campaign advertisements Televised advertisements are analyzed to illustrate a clearer picture of how horror frameworks have been utilized the intensity of their usage and how self positive appeals to audience efficacy help bolster these rhetorical attempts at persuasion Horror Framing and the General Election shows readers how the extensionally constitutive ripples of horrific campaign rhetoric are felt in contemporary political unrest and provides a potential path forward *Queering the Interior* Andrew Gorman-Murray, Matt Cook, 2020-06-11 Queering the Interior problematizes the familiar space of home It deploys a queer lens to view domestic interiors and conventions and uncovers some of the complexities of homemaking for queer people Each of the book s six sections focuses on a different room or space inside the home The journey starts with entryways and continues through kitchens living spaces bedrooms bathrooms and finally closets and studies In each case up to three specialists bring their disciplinary expertise and queer perspectives to bear The result is a fascinating collection of essays by scholars from literary studies geography sociology anthropology history and art history The contributors use historical and sociological case studies spatial art and literary analyses interviews and experimental visual approaches to deliver fresh detailed and grounded perspectives on the home and its queer dimensions A highly creative approach to the analysis of domestic spaces Queering the Interior makes an important contribution to the fields of gender studies social and cultural history cultural studies design architecture anthropology sociology and cultural geography Pulp and Paper Magazine of Canada, 1930 **Awfully Devoted Women** Cameron Duder, 2011-01-01 The lives of many lesbians prior to 1965 remain cloaked in mystery Historians have turned the spotlight on upper middle class romantic friends and on working class butch and femme women but the lives of the lower middle class majority remain in the shadows Awfully Devoted Women offers a portrait of middle class lesbianism in the decades before the gay rights movement in English Canada This intimate study of the lives of women who were forced to love in secret not only challenges the idea that lesbian relationships in the past were asexual it also reveals the courage it took to explore desire in an era when women

were supposed to know little about sexuality **SEJ Journal** ,2000 **Pulp and Paper Magazine of Canada** ,1935

Sontag and the Camp Aesthetic Bruce E. Drushel, Brian M. Peters, 2017-02-15 Sontag and the Camp Aesthetic Advancing New Perspectives marks 50 years of writing and cultural production on the phenomenon of camp since Susan Sontag's 1964 cornerstone essay Notes on Camp It provides cutting edge theory and understanding on ways to read and interpret camp through a collection of essays from historical theoretical and cultural perspectives It includes varied subject areas including camp icons stylistics periods and important and representative texts from television film and literature These essays create a scholarly conversation that understands camp as not only signifier or aesthetic but also a language mode and style that goes beyond its initial linguistic and semiotic guise The contributors representing a diverse group of established and rising scholars explore camp as a largely queer genre that includes varying modes of understanding of desire and of the self outside a hegemonic model of heteronormativity **Corporate Social Responsibility** Chris A.
