Translating Fictional Dialogue for Children and Young People Martin B. Fischer, Maria Wirf Naro, 2012-09-01 Literary and multimodal texts for children and young people play an important role in their acquisition of language and literacy and they are a flourishing part of publishing and translating activities today This book brings together twenty one papers on the particular aspect of the translation of feigned orality As the link between the literary and the multimodal text fictional dialogue is the appropriate place for evoking orality lending authenticity and credibility to the narrated plot and giving a voice to fictitious characters This is illustrated with examples from narrative and dramatic texts as well as films cartoons and television series in their respective modes of mediation translating interpreting dubbing and subtitling The findings are of interest from the scholarly point of view of contrastive linguistics for the professional practice of translating interpreting dubbing and subtitling and in the educational context *The Grammatical Structures of English and Spanish* Robert P. Stockwell, J. Donald Bowen, John W. Martin, 1965-06-15 This series is designed to provide a detailed account of one of the major problems in the teaching of a second language the interference caused by structural differences between the native language of the learner and the foreign language he is studying The similarities and differences between English and the language being taught are described in two volumes one on the sound systems and one on the grammatical systems for some of the foreign languages most in demand in the United States today *The New Beacon*, 1985
