## **Pure War:**

**Pure War, new edition** Paul Virilio, Sylvère Lotringer, 2008-04-25 Virilio and Lotringer revisit their prescient book on the invisible war waged by technology against humanity since World War II In June 2007 Paul Virilio and Sylvère Lotringer met in La Rochelle France to reconsider the premises they developed twenty five years before in their frighteningly prescient classic *Pure War* *Pure War* described the invisible war waged by technology against humanity and the lack of any real distinction since World War II between war and peace Speaking with Lotringer in 1982 Virilio noted the accidents that inevitably arise with every technological development from car crashes to nuclear spillage to the extermination of space and the derealization of time wrought by instant communication In this new and updated edition Virilio and Lotringer consider how the omnipresent threat of the accident both military and economic has escalated With the fall of the Soviet bloc the balance of power between East and West based on nuclear deterrence has given way to a more diffuse multi polar nuclear threat Moreover as the speed of communication has increased exponentially local accidents like the collapse of the Asian markets in the late 1980s escalate with the speed of contagion into global events instantaneously Globalization Virilio argues is the planet's ultimate accident Paul Virilio was born in Paris in 1932 to an immigrant Italian family Trained as an urban planner he became the director of the cole Spéciale d'Architecture in the wake of the 1968 rebellion He has published twenty five books including *Pure War* 1988 his first in English and *The Accident of Art* 2005 both with Sylvère Lotringer and published by Semiotext(e) Sylvère Lotringer general editor of Semiotext(e) lives in New York and Baja California He is the author of *Overexposed* *Perverting Perversions* Semiotext(e) 2007 and other books

[Nihilism and the Sublime Postmodern](#) William Slocombe, 2013-11-05 This book examines the relationship between

nihilism and postmodernism in relation to the sublime and is divided into three parts history theory and praxis Arguing against the simplistic division in literary criticism between nihilism and the sublime the book demonstrates that both are clearly implicated with the Enlightenment Postmodernism as a product of the Enlightenment is therefore implicitly related to both nihilism and the sublime despite the fact that it is often characterised as either nihilistic or sublime Whereas prior forms of nihilism are modernist because they seek to codify reality postmodernism creates a new formulation of nihilism postmodern nihilism that is itself sublime This is explored in relation to a broad survey of postmodern literature in two chapters the first on aesthetics and the second on ethics It offers a coherent thesis for reappraising the relationship between nihilism and the sublime and grounds this argument with frequent references to postmodern literature making it a book suitable for both researchers and those more generally interested in postmodern literature The Video Game Theory Reader Mark J.P.
