Managing The Quality Of Health Care In Developing Countries:

Managing the Quality of Health Care in Developing Countries Willy De Geyndt, 1995 World Bank Technical Paper No 258

Quality of health care is a complex concept interwoven with value judgments about what constitutes good quality This lack of linearity partly explains the large number of definitions of the concept of quality an **Managing the Quality of Health Care in Developing Countries** Willy De Geyndt, 1995 **Healthcare Access - New Threats, New Approaches** Ayşe Emel Önal, 2023-11-02 Access to health care is the ability to receive health services for the prevention detection and treatment of disorders that affect health For health care to be accessible it must be affordable and able to protect and improve health There are myriad reasons that may make access to health services difficult or even impossible These include economic problems conflicts climate change internal and external migrations beliefs and so on This book examines many of these barriers to health care and proposes solutions for overcoming them Global Population Health Richard Skolnik, 2022-02-07 What is global health and why is it so important Health determinants measurements and the global burden of disease Health systems and universal health coverage Environmental and occupational health and intersectoral approaches Nutrition and the health of women children and adolescents Communicable diseases Noncommunicable diseases mental health and injuries ICIME 2011-Proceedings of the 2nd International Conference on Information Management and Evaluation Ken Grant, Following on from the continued success of the European Conference on Information Management and Evaluation we are delighted at the Ted Rogers School of Management Ryerson University to be able to host the 2nd International Conference on Information Management and Evaluation ICIME 2011 ICIME aims to bring together individuals researching and working in the broad field of information management including information technology evaluation We hope that this year s conference will provide you with plenty of opportunities to share your expertise with colleagues from around the world This year s opening keynote address will be delivered by Dr Catherine Middleton Ted Rogers School of Information Technology Management Ryerson University Toronto Canada **Global Health 101** Richard Skolnik, 2019-10-10 *Global Health 101* Fourth Edition is a clear concise and user friendly introduction to the most critical issues in global health illustrating key themes with an extensive set of case studies examples and the latest evidence Drawing from his 40 years of experience working in international development and global health as well as extensively teaching at both Yale and George Washington University Richard Skolnik has substantially revised his bestselling textbook This edition offers a significant amount of new and updated information while maintaining the clarity simplicity and ease of use that has made this text so popular *Global Health 101* Fourth Edition builds in unique ways on evidence from a number of fundamental sources including the *Global Burden of Disease Studies Disease Control Priorities Third Edition DCP3* and *Millions Saved* Managing NGOs in Developing Countries: Concepts, frameworks and cases LUMS-McGill Social Enterprise Development Centre, 2005 In this volume there are well researched management case studies that are drawn from real life issues in non government

organizations The case studies are designed to develop professionals to build and enhance the capacity of the social sector This volume focuses on concepts and frameworks of major management disciplines Managing People and Organizations Marketing Finance and Control Operations Management and Managing Change Essentials for Quality and Safety Improvement in Health Care Christopher Ente, Michael Ukpe, 2022-02-01 Patient safety and quality improvement in health care remain a global priority Subpar performance in health care however is still common more than a decade after the christening of patient safety in Africa The core principle of safety and quality improvement systems is to identify and assess the root cause of failures in order to learn from them and devise a means to improve and to avoid recurrence This book is designed to encourage facilitate and empower healthcare workers in the development and implementation of strategically driven patient safety and quality improvement initiatives for safer healthcare systems and healthcare facilities in low and middle income countries LMICs of Africa It also highlights some of the profound challenges and barriers to designing and implementing patient safety and quality improvement interventions or programmes in the region and reiterates the need to remain focused and determined to work out solutions with confidence and overcome these barriers In the book chapters highlight six essential components crucial for achieving evolutionary progress in safety and quality improvement in a healthcare system Standard operating procedure Audit Research Safety management Quality management Evaluation Practical steps in planning and conducting these six essential components are outlined with some specific features to aid learning and facilitate their implementation The authors have experience and expertise in the medical practice gained in Africa and a decade of knowledge and experience from consultancy work in safety and quality improvement in health care within and outside the region Essentials for Quality and Safety Improvement in Health Care A Resource for Developing Countries is authored for both medical professionals and those from other professions who are interested in and enthusiastic about patient safety and healthcare quality and therefore willing to build a career in this field It is relevant to all health institutions health and non health workers and can be used as a checklist while rendering quality and safe health care

Disease Control Priorities in Developing Countries Dean T. Jamison, World Bank, 1993 These two volumes examine ways in which the health transition in developing countries affects the World Bank's disease control policies They discuss the public health consequences of individual diseases and disease clusters measure the cost effectiveness of disease control methods and assess what public health problems these conditions pose Infectious diseases HIV infection and sexually transmitted diseases malnutrition and reproductive health in the developing world are analyzed and tables and figures throughout the text quickly summarize the authors findings Population Report, 2001 **Improving Quality of Care in Low- and Middle-Income Countries** National Academies of Sciences, Engineering, and Medicine, Institute of Medicine, Board on Global Health, 2015-11-19 Quality of care is a priority for U S Agency for International Development USAID The agency's missions abroad and their host country partners work in quality improvement but a lack of evidence about the best ways to

facilitate such improvements has constrained their informed selection of interventions Six different methods accreditation COPE improvement collaborative standards based management and recognitions SBM R supervision and clinical in service training currently make up the majority of this investment for USAID missions As their already substantial investment in quality grows there is demand for more scientific evidence on how to reliably improve quality of care in poor countries USAID missions and many other organizations spending on quality improvement would welcome more information about how different strategies work to improve quality when and where certain tools are most effective and the best ways to measure success and shortcomings To gain a better understanding of the evidence supporting different quality improvement tools and clarity on how they would help advance the global quality improvement agenda the Institute of Medicine convened a 2 day workshop in January 2015 The workshop s goal was to illuminate these different methods discussing their pros and cons This workshop summary is a description of the presentations and discussions *Management* Arthur G.
