the twentieth century Penelope Fitzgerald was a great English writer whose career didn't begin until she was nearly sixty. She would go on to win some of the most coveted awards in literature: the Booker Prize and the National Book Critics Circle Award. Now in an impeccable match of talent between biographer and subject, Hermione Lee, a master biographer and one of Fitzgerald's greatest champions, gives us this remarkable writer's story. Lee's critical expertise is on dazzling display on every page as it illuminates this extraordinary English life. Fitzgerald, born into an accomplished intellectual family, the granddaughter of two bishops, led a life marked by dramatic twists of fate, moving from a bishop's palace to a sinking houseboat to a last, late blaze of renown. We see Fitzgerald's very English childhood in the village of Hampstead, her Oxford years when she was known as the blonde bombshell, her impoverished adulthood as a struggling wife, mother, and schoolteacher, raising a family in difficult circumstances and the long, delayed start to her literary career. Fitzgerald's early novels draw on her own experiences: working at the BBC in wartime, at a bookshop in Suffolk, at an eccentric stage school in the 1960s, while her later books open out into historical worlds that she magically seems to entirely possess: Russia before the Revolution, postwar Italy, Germany in the time of the Romantic writer Novalis. Fitzgerald's novels are short, spare masterpieces, and Hermione Lee unfurls them here as works of genius. Expertly researched, written out of love and admiration for this wonderful author's work, Penelope Fitzgerald is literary biography at its finest: an unforgettable story of lateness, persistence, and survival.

[Penelope Fitzgerald and the Consolation of Fiction](#) Christopher Knight, 2016-09-13

Christopher J. Knight's *Penelope Fitzgerald and the Consolation of Fiction* is a study of the British author Penelope Fitzgerald (1916-2000), attending to her nine novels, especially as viewed through the lens of late style. She published her first novel, *The Golden Child*, at age sixty, and in her words of consolation, that is, for doubts and fears, as well as for naked human loss. As in Shakespeare's late, religiously inflected romances, the two concerns coincide, and Fitzgerald's ostensible comedies are marked by a clear experience of the tragic and the palpable sense of a world that verges on the edge of indifference to human loss. Yet Fitzgerald, her late-age pessimism notwithstanding, seeks with the aid of her own religious understandings in each of her novels to wrestle meaning, consolation, and even comedy from circumstances not noticeably propitious. Or, as she herself memorably spoke of her own deepest convictions: "I can only say that however close I've come by this time to nothingness, I have remained true to my deepest convictions: I mean to the courage of those who are born to be defeated, the weaknesses of the strong, and the tragedy of misunderstandings and missed opportunities, which I have done my best to treat as a comedy for otherwise how can we manage to bear it." The recipient of Britain's Booker Prize and America's National Book Critics Circle Award, Penelope Fitzgerald's reputation as a novelist and author more generally has grown since her death significantly to the point that she is now widely judged one of Britain's finest writers, comparable in worth to the likes of Jane Austen, George Eliot, and Virginia Woolf.
