Old Possums Of Practical Cats Cd:

Deviant Modernism Colleen Lamos,1998-12-10 This original study re evaluates central texts of the modernist canon Eliot s early poetry including *The Waste Land* Joyce s *Ulysses* and Proust s *Remembrance of Things Past* by examining sexual energies and identifications in them that are typically regarded as perverse According to modern cultural discourses and psychosexual categorizations these deviant desires and identifications feminize men or tend to render them homosexual Colleen Lamos s analysis of the operations of gender and sexuality in these texts reveals conflicts concerning the definition of masculine heterosexuality which cut across the aesthetics of modernism She argues that canonical male modernism far from being a monolithic entity with a coherently conservative political agenda is in fact the site of errant impulses and unresolved struggles What emerges is a reconsideration of modernist literature as a whole and a recognition of the heterogeneous forces which formed and deformed modernism
