Ashbaugh, 1994 Sixteen contributing authors from colleges and universities throughout Washington and Oregon describe the physical environment natural resources economic geography and external relations of the Pacific Northwest      Illuminative Moments in Pacific Northwest Prose Richard W. Etulain, 2024-03-12 Richard W Etulain examines the emergence of Pacific Northwest prose beginning in the early nineteenth century up to the present The book provides an introductory overview to a vast subject through illuminative moments that illustrate major shifts in the literary history of the region The book's focus is on novels histories and other nonfiction works that trace Pacific Northwest prose in chronological order through three periods the frontier regional and post regional eras Etulain provides extensive coverage of the writings of notable authors including novelists Frederic Homer Balch and Mary Hallock Foote offering an understanding of frontier romantic and Local Color Writers He also explores the works of H G Merriam and novelist H L Davis illustrating regional prose writings Finally Etulain includes a panoply of writers who exemplify an emphasis on gender race and ethnicity and environmental texts from the post WWII period Illuminative Moments in Pacific Northwest Prose delivers a first time overview of the region's literary contributions that will interest both scholars and general readers alike      The Pacific Northwest Carlos A. Schwantes, 1996-01-01 Carlos Arnaldo Schwantes has revised and expanded the entire work which is still the most comprehensive and balanced history of the region This edition contains significant additional material on early mining in the Pacific Northwest sea routes to Oregon in the early discovery and contact period the environment of the region the impact of the Klondike gold rush and politics since 1945 Recent environmental controversies such as endangered salmon runs and the spotted owl dispute have been addressed as has the effect of the Cold War on the region's economy The author has also expanded discussion of the roles of women and minorities and updated statistical information      **The Pacific Northwest** Raymond D. Gastil, Barnett Singer, 2010-04-23 The Pacific Northwest for the purposes of this book mostly Oregon and Washington has sometimes been seen as lacking significant cultural history Home to idyllic environmental wonders the region has been plagued by the notion that the best and brightest often left in search of greater things that the mainstream world was thousands of miles away or at least as far south as California This book describes the Pacific Northwest's search

for a regional identity from the first Indian European contacts through the late twentieth century identifying those individuals and groups who at least struggled to give meaning to the Northwest experience It places particular emphasis on writers and other celebrated individuals in the arts detailing how their lives and works both reflected the region and also enhanced its sense of self **The New Northwest?** Keith McDade,1999 *General Technical Report PNW-GTR* ,1995

**Best Essays NW** Guy B. Maynard,2003 In this thoughtful collection of essays some of the region s most notable writers join fresh new literary voices in an exploration of life in the Northwest from rural to urban coastal rainforest to sagebrush desert One writer loses all her earthly belongings in her family s twice yearly migration across an Alaskan bay Another waits by a hospital bed in Idaho after a rodeo accident nearly breaks her father in half A writer stands on a dune waiting for the wind to erase his footprints while another lovingly recounts the simple ritual that marks the end of an era at a mill in Central Oregon Drawn from the pages of Oregon Quarterly the University of Oregon s award winning magazine and the annual Oregon Quarterly Northwest Perspectives Essay Contest these pieces stand alone as lyrical engaging works of literature and at the same time come together to form a portrait of the varied culture and landscape of the Pacific Northwest Contributors include Robin Cody John Daniel Brian Doyle Leslie Leyland Fields Debra Gwartney Robert Leo Heilman Lauren Kessler Kim Stafford **Perspectives and realities** Canada. Royal Commission on Aboriginal Peoples,1996 Examines issues of current and historic concern to Canadian native peoples from perspectives of women elders youth M tis the North and town and city dwellers For northern perspectives see p 387 517 **A Literary History of the American West** Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance **Perspectives** ,2001 **The Theosophical Path** Katherine Augusta Westcott Tingley,1912

**Geological Survey Professional Paper** Geological Survey (U.S.),1949 **Pan-American Magazine** William W. Rasor,1920 Some numbers include a Secci n espa ola Promised Lands David M. Wrobel,2002 Whether seen as a land of opportunity or as paradise lost the American West took shape in the nation s imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today Promoters trying to lure settlers and investors to the West insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity Through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life Quick on their heels some of the West s original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier

heritage Their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present Although they are generally seen today as unscrupulous charlatans and tellers of tall tales David Wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested By exploring the vast literature produced by these individuals from the end of the Civil War through the 1920s he clarifies the pivotal impact of their works on our vision of both the historic and mythic West In examining their role in forging both sense of place within the West and the nation s sense of the West as a place Wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a West in the national imagination Wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of Native Americans African Americans Mexican Americans and Asian Americans In the era Wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present But as he also demonstrates that West has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories Even relatively recent western residents still tap into the region s mythic pioneer heritage as they form their attachments to place Promised Lands shows us that the West may well move into the twenty first century but our images of it are forever rooted in the nineteenth *U.S. Geological Survey Professional Paper* ,1982

**Standard Catalog for High School Libraries** ,1928 The 1st ed accompanied by a list of Library of Congress card numbers for books except fiction pamphlets etc which are included in the 1st ed and its supplement 1926 29 **Geological Society of America Bulletin** ,1891
