Poems Celia Thaxter, 1902 *Transactions* Liverpool Geological Association, 1882 *Carbon Footprints as Cultural-Ecological Metaphors* Anita Girvan, 2017-10-10 Through an examination of carbon footprint metaphors this book demonstrates the ways in which climate change and other ecological issues are culturally and materially constituted through metaphor The carbon footprint metaphor has achieved a ubiquitous presence in Anglo North American public contexts since the turn of the millennium yet this metaphor remains under examined as a crucial mediator of political responses to the urgent crisis of climate change Existing books and articles on the carbon footprint typically treat this metaphor as a quantifying metric with little attention to the shifting mediations and practices of the carbon footprint as a metaphor This gap echoes a wider gap in understanding metaphors as key figures in mediating more than human relations at a time when such relations profoundly matter As a timely intervention this book addresses this gap by using insights from environmental humanities and political ecology to discuss carbon footprint metaphors in popular and public texts This book will be of great interest to researchers and students of environmental humanities political ecology environmental communication and metaphor studies **The Poems of Celia Thaxter** Celia Thaxter, 1896 *World View in Pre-revolutionary Iran* Claus V. Pedersen, 2002 The Iranian revolution of 1978 1979 and its transformation into an Islamic revolution has been an object of study the last couple of decades The book does not attempt to explain the revolution and the theocracy it resulted in but

takes interest in the modes of thought world views that preceded the revolution in order to understand the cultural context in which the revolution happened However only a limited part of the Iranian culture is studied namely the literary part more precisely five of the leading shortstory writers Seyyed Mohammad Al Jamalzadeh Sadeq Hedayat Sadeq Chubak Jamal A le Ahmad and Hu ang Gol hiri The analyses of the short stories show that the underlying world views are strictly secular As a contextualisation of the literary works four Iranian thinkers and ideologists Jamal al Din Afghani 1838 1897 Ahmad Kasravi 1890 1946 Seyyed Hoseyn Nasr b 1933 and Ali hariati 1933 1977 are presented With Seyyed Hoseyn Nasr as an exception the study of the world views of these four shows a development towards secular modes of thought Adventure ,1913
