**A Prophet is Not Without Honor
Except in His Native Place**

Luke 4:16-30, Matthew 13:54-58, Mark 6:1-6

As the prophets of today we should be aware that our Gospel message may be rejected especially by those who know us very well and are prejudiced by the history they have of us.

Not Without Honor

J. Michael Martinez

Not Without Honor:

Not Without Honor Richard Gid Powers, 1998-01-01 The American anticommunist movement has been viewed as a product of right wing hysteria that deeply scarred our society and institutions This book restores the struggle against communism to its historic place in American life Richard Gid Powers shows that McCarthyism red baiting and black listing were only one aspect of this struggle and that the movement was in fact composed of a wide range of Americans Jews Protestants blacks Catholics Socialists union leaders businessmen and conservatives whose ideas and political initiatives were rooted not in ignorance and fear but in real knowledge and experience of the Communist system Not Without Power is superbly written and richly detailed Perceptive and thoughtful it is an impressively thorough and valuable book David J Garrow One of the contributions of Powers s provocative narrative history is to bring to life certain segments of anti Communist opinion that have largely been forgotten Sean Wilentz New York Times Book Review Powers makes extensive use of primary sources and uncovers much that is new He vividly recreates the complex relationships within and between several ethnic and radical communities within the United States including their firsthand and often disillusioning experience with communism The depth and range of his work add a great deal to knowledge Journal of American History A valuable well executed study and summation of a vast topic one whose various threads the author has woven into a rich tapestry Richard M Fried Reviews in American History *The Safety of the Kingdom* J. Michael Martinez, 2015-08-25 The horrendous events of September 11 2001 heightened awareness of terrorism unlike all but a handful of major catastrophes in American history Like the Japanese attack on Pearl Harbor on December 7 1941 and President Kennedy s assassination on November 22 1963 9 11 is a date forever enshrined in our national memory But 9 11 once again raised the question What should government do to eliminate or reduce the likelihood of a future attack How should national leadership balance its responsibility to protect the civil liberties of U S citizens with its sworn duty to protect their lives In *The Safety of the Kingdom* J Michael Martinez takes up the question of how the United States government has responded to terrorist attacks and in the absence of an attack the fear of foreign and subversive elements that may harm the nation In some cases the government overreaction led to a series of abuses that amplified the severity of the original threat Rather than selecting every instance of government reaction to threats Martinez examines representative cases from the alien and sedition acts in the eighteenth century to the post 9 11 war on terror Edward Snowden s disclosure of classified information related to the NSA s surveillance program brought to the fore an important debate about government scrutiny of its citizens As J Michael Martinez makes clear in this book it is a debate that has been ongoing for centuries Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller

we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Reelpolitik II Beverly Merrill Kelley,2004 With reference to eight classic American movies this text explores the political ideologies thrumming through the American psyche during the Cold War period

Rivers of Living Waters Augustine S. Chea,2010-03-16 This daily devotional which is intended to speak life in the lives of readers is named Rivers of Living Waters A Daily Devotional because water symbolizes Life The message it contains is intended to be quick and powerful as it speaks to the contemporary issues of life The spirit of the message it contains is truth Because the words that we speak are spirit and life the author suggest that the words of this book be whispered by readers as they read because when the written word is spoken it is even more powerful that is the power of the tongue A page a day will enrich your life
