Oman in the Twentieth Century J.E. Peterson, 2016-02-12 Oman was ruled by the Al Bu Sa id for 250 years and during this period the fortunes of the state varied considerably But in July 1970 as a result of a palace coup the state abruptly turned away from isolation and traditions of the past The most obvious alteration was in the dramatic change in the outward appearance of the country particularly as exemplified by the rejection of the long era of stagnation and the parallel emphasis on socio economic development In the political realm however the shifting balance of power and the rapid growth and diversification of the state s administrative structure were based essentially on perennial themes in Omani politics The interplay between four of these themes forms the basis of this study first published in 1978 The role of the Sultan and the ruling family the development of the administration the exercise of tribal politics and the impact of external influences on the state are closely examined and the modifications they went in response to the various challenges of the twentieth century are discussed The constant flux in the relative importance of each of these themes illustrates the fragile nature of the traditional Omani political system for in the twentieth century the Al Bu Sa id Sultanate found its precarious hold over the country challenged on a number of occasions These challenges ranging from the tribal and religious rebellion of 1913 20 to the Marxist Leninist revolt in Dhufar are also analysed in detail together with the response of the Sultanate to their impact

Oman Carol Riphpenburg, 1998-02-18 The Sultanate of Oman overlooks one of the most strategic waterways in the Middle East the Strait of Hormuz Sharing the guardianship of the Strait with Iran Oman s position is of key importance to the security of the entire Gulf which holds a large portion of the world s oil resources In a 1970 palace coup Sultan Qaboos ibn Sa id overthrew the repressive and reclusive rule of his father and embarked on a program of modernization Oman became one of the success stories of the

developing world instituting a modern educational system creating a modern infrastructure becoming an oil exporter and constructing an elaborate social welfare system Today the country faces a host of challenges Oman cannot defend itself from hostile neighbors without assistance Restructuring Omani society and the economy present even greater difficulties Moreover change must occur at a time when Islamic movements pose a significant political threat and oil income is not sufficient to meet the country's social and economic needs Professor Rippenburg has provided a survey that will be invaluable to all students and researchers of the modern Middle East
