Psychedelic Immortality: Nietzschean Perspectives on Reincarnation, Femtheogens, and Philosophy Joseph I.

Breidenstein Jr., 2025-09-02 Recent research has revealed a psychedelic inspiration for Nietzsche's philosophy and far from being a novelty in the history of philosophy there is significant evidence that several of the first western philosophers ingested psychedelics as well In his first book Joseph I Breidenstein Jr PhD maintained that western philosophy began as what we today would call a feminist religious reformation in the sense that many prominent presocratic philosophers were reviving a paleo neolithic goddess centered religiosity of rebirth within the largely patriarchal and death glorifying culture of archaic Greece And in this book Dr Breidenstein Jr proposes that the presocratic psychedelic reincarnationist feminine model of education and or worldview is better suited for democracy in the twenty first century than the economic model of education that takes the west's mainstream materialistic secular worldview for granted For several decades now researchers have acknowledged both that the empirical evidence for reincarnation is overwhelming and that psychedelics can evoke past life recollections but explanations for either reincarnation or how psychedelics do this have yet to be offered By combining Nietzsche's philosophy with the work of other thinkers Psychedelic Immortality both provides explanations for each of these phenomena and explores how situating education and democracy within the context of reincarnation can incite a renaissance of American culture and politics For Nietzscheans and philosophers in particular this book illustrates the contemporary relevance of two neglected aspects of Nietzsche scholarship i e psychedelics and reincarnation and for researchers in such fields as feminist philosophy of religion ecotheology philosophy of education social political philosophy and eastern philosophy it offers a more plausible and healthier worldview in which to explore possibilities in their respective fields that are diminished by the mainstream paradigm For spiritual seekers of all paths it offers a conception of philosophy as a practice of awakening goddess consciousness that unfolds over the course of successive lifetimes **Vedanta Philosophy.**

**Five Lectures on Reincarnation** Swami Abhedananda,2019-11-25 In Five Lectures on Reincarnation Swami Abhedananda offers a profound exploration of the concept of reincarnation weaving together elements of Vedantic philosophy and modern spiritual thought The book is structured as a series of lectures each delving into different aspects of the soul s journey through multiple lifetimes thus drawing on both ancient Hindu texts and contemporary metaphysical discussions Abhedananda employs a clear accessible literary style that balances philosophical rigor with an engaging narrative encouraging readers to contemplate the implications of karma and the continuity of the soul across various incarnations Swami Abhedananda a disciple of the renowned Swami Vivekananda was a pivotal figure in introducing Eastern philosophical concepts to Western audiences during the late 19th and early 20th centuries His extensive travels and lectures throughout the United States and Europe helped shape the discourse on spirituality making abstract principles of reincarnation relatable and applicable to modern seekers Drawn from his deep understanding of Vedanta his writings reflect a synthesis of Eastern wisdom and universal truths This book is highly recommended for anyone seeking a deeper understanding of reincarnation and its relevance to personal growth and spiritual awakening Abhedananda s insights challenge conventional views offering transformative perspectives that resonate with both seasoned practitioners and newcomers to spiritual exploration

The In-Depth Facts on Reincarnation John Ankerberg,John Weldon,2025-03-24 About 30% of the world population believes in reincarnation The authors have studied this topic extensively and this book breaks down the elements evidence arguments and problems of reincarnation as well as the consequences There are thousands of professionals from scientists and university professors to psychologists educators politicians theologians and pastors businessmen authors and movie stars that believe in it No profession is unrepresented there are even a number of Nobel Laureates In its various forms the current influence of reincarnation continues to expand There have been literally millions of copies of hundreds of books on the subject published in the last 60 years But is reincarnation valid Does the Bible teach reincarnation

On Reincarnation Marilyn Grace Graham,1998 The Premise of this work is that Paul s letter to the Romans and his theology with respect to the Jewish Pharisaic law and the significance of the Christ event was a response to a pre and first century cross cultural belief in reincarnation

On Reincarnation Lamb Books,2018-05-18 Abraham lived once Isaac

lived once Jacob lived once You shall live once I who am God took on flesh once and will not take it on a second time for God too respects order And the order of human life is this For a spirit to be fused to flesh to make man like God who is not flesh but spirit not animal but supernatural For the flesh when it declines in its evening to fall like a slough and covering into the nothingness from which it was taken and the spirit to return to its life Blessed if it lived Damned if it perished for having made the flesh its lord instead of making God the lord of its spirit For that spirit from the hereafter whose details you uselessly wish to know without contenting yourselves with believing in its existence to wait with a fearful trembling or a joyful thrill to see the flesh rise again to clothe itself therein once again on Earth s last day and to plunge with it into the abyss or penetrate into Heaven also glorified in matter with which you have overcome because it has been your natural enemy changed into a supernatural ally by you But how could you take on one flesh at the time of my sublime review and go to condemnation or glory with it if each spirit had many fleshly existences And which would it choose from among them The first or the last And how could you invoke the blessed if they were already reincarnated And how could you call your deceased yours if at that moment they were already the children of others And life Oh life once over never returns You are given an hour of eternity a moment of eternity to conquer Eternity I give you time This is at once love and justice What would you say if I struck you at the first mistake You would say Why Lord If You had given me time to reflect I would have repented I leave you time You are at fault one two ten seventy times and I could strike you I give you time So that you cannot say to Me You did not show benignity

Signs of Reincarnation James G. Matlock,2019-06-15 Signs of Reincarnation provides the first comprehensive look at the belief in reincarnation and the evidence for past lives from historical records anthropological studies and contemporary research Matlock discusses various ways the evidence may be interpreted and shows that although reincarnation entails a rejection of the materialist notion that consciousness is generated by the brain it does not require the acceptance of any radically new concepts or the abandonment of well established findings in mainstream psychology or biology This book offers students scholars and anyone interested in the possibility of reincarnation an essential grounding in beliefs cases and theory while opening doors for future research into the extension of consciousness beyond our present lives
