Processes of Constitutional Decisionmaking Paul Brest, 2014-10-15 If there is one theme that runs through this book it is that the Supreme Court is not the only interpreter of the Constitution even if it is surely the most obvious and important one for most lawyers Throughout the book we take seriously constitutional decisionmaking by nonjudicial institutions by including materials ranging from resolutions by the Kentucky and Virginia legislatures in the late eighteenth century to constitutional interpretations by the President and Congress of the United States to constitutional assertions by social movements such as the Seneca Falls Declaration of 1848 to constitutional arguments by particular individuals such as senatorial candidates Abraham Lincoln and Stephen Douglas the noted abolitionist Frederick Douglass and civil rights pioneer Pauli Murray Indeed far from being the only source of constitutional law the Supreme Court is not even the only judicial source In this edition we have included more constitutional arguments by lower federal courts by state supreme courts and even a few references to the constitutions of other countries Page xxxiii
