Mayor Sam:

Mayor Sam Peter Torres, 2004 San Antonio Politics *Responsibility and Control* John Martin Fischer, Mark Ravizza, 1999-10-13 This book provides a comprehensive systematic theory of moral responsibility The authors explore the conditions under which individuals are morally responsible for actions omissions consequences and emotions The leading idea in the book is that moral responsibility is based on guidance control This control has two components the mechanism that issues in the relevant behavior must be the agent s own mechanism and it must be appropriately responsive to reasons The book develops an account of both components The authors go on to offer a sustained defense of the thesis that moral responsibility is compatible with causal determinism **The Life and Saying of Sam P. Robitzsch,2019-06-21 This monograph provides a novel reliabilist approach to epistemic responsibility assessment The author presents unique arguments for the epistemic significance of belief influencing actions and omissions She grounds her proposal in indirect doxastic control The book consists of four chapters The first two chapters look at the different ways in which an agent might control the revision retention or rejection of her beliefs They provide a systematic overview of the different approaches to doxastic control and contain a thorough study of reasons responsive approaches to direct and indirect doxastic control The third chapter provides a reliabilist approach to epistemic responsibility assessment which is based on indirect doxastic control In the fourth chapter the author examines epistemic peer disagreement and applies her reliabilist approach to epistemic responsibility assessment to this debate She argues that the epistemic significance of peer disagreement does not only rely on the way in which an agent should revise her belief in the face of disagreement it also relies on the way in which an agent should act This book deals with questions of meliorative epistemology in general and with questions concerning doxastic responsibility and epistemic responsibility assessment in particular It will appeal to graduate students and researchers with an interest in epistemology
