## **Night Secrets:**

*Night Secrets* Thomas H. Cook,2011-09-06 Frank Clemons an ex cop turned private detective faces a pair of perplexing cases on the mean streets of New York City The first case is simple A wealthy man s wife has grown distant and he asks Frank Clemons a private eye hardened by his past work on Atlanta s homicide beat to find out why There are a number of simple reasons why a young woman might withdraw from her older husband but the spurned spouse rejects them all Her jewelry is disappearing but he insists that she doesn t have trouble with blackmail drugs or gambling The answer must be more complex and he begs Frank to find out what it is Meanwhile an old woman familiar to Frank from his nights haunting Tenth Avenue has been murdered and a gypsy priestess claims that she killed her But Frank is unconvinced and unearthing these women s secrets will force him deep into the dark side of a city that he still cannot call home **Night Secrets** is the third book in the Frank Clemons Mysteries but you may enjoy reading the series in any order **OLR Index** ,1928 **Evolution of a Life** Vanessa K Wood,2013-05-30 This collection of poetry represents a journey of a portion of my lifetime from age 13 to 33 Although there is no such way a compilation could possibly reflect all my thoughts and ideas through those stages it is representative of my growth my evolution The collection is split by decades teens twenties and thirties Where possible the actual dates of the poems creation are included some poems reflect specific personal situations while others empathically represent situations from lives of those around me Still other pieces may seem nonsensical yet needed to be included as a reminder of not to take life too seriously Some selections are raw and push the borders of language but show honest reactions formed via artistic filters Unfortunately some of the poems may seem mean and hurtful it is my most sincere hope that the individuals to whom those are directed do NOT take the words personally as those items of self expression were an essential part of my healings and growing process This collection is open and honest I hope you enjoy maybe you will even be inspired [Immortyl Kisses](#) BK Walker, [Set Aflame](#) Matthew E. Bullen,2020-08-05 Matthew E Bullen who once led a high school gang called Stomps took his life in a new direction after a life altering encounter with the Holy Spirit at age sixteen He was set aflame with a radical passion to help other souls know God and in a whirlwind of fire he went home and turned his family their church and his high school upside down He changed the lives of hundreds In spite of all opposition the author s flame continued to spread and in college he met and married Lisa one of God s warrior princesses She shared his burning passion and despite hardships they built a family and a ministry Almost forty years later the ministry that they built from scratch continues to shake continents and has brought thousands of souls to Jesus Miracles abound lives are changed and impossibilities are overcome all by the power of God Find out how and be inspired to tap into the heavenly blaze and change the world by joining the author as he shares how he was set aflame **Strange Secrets** Arthur Conan Doyle,1895 [Lips](#) Muska Dee,101-01-01 This poetry collection offers a profound and lyrical exploration of human lips weaving together physical beauty emotional expression and symbolic meaning Beginning with poems that celebrate the sensual charm and

aesthetic allure of lips their shape color and texture the collection soon deepens into a rich emotional journey Lips emerge not just as features of the body but as vessels of communication intimacy and identity Through whispered words and silent expressions they become powerful conduits of love longing and hidden truths As the poems progress they take on a more introspective tone exploring how lips shape our self expression and influence our relationships with the world With sensitivity and emotional depth each poem invites readers to reflect on the often overlooked significance of lips in shaping our human experience Blending vivid imagery with quiet insight this collection resonates as a meditation on beauty vulnerability and the quiet power of expression
