Nine Soviet Portraits:

Nine Soviet Portraits Raymond A. Bauer, Edward Wasiolek, 1970 Nine Soviet Portraits Raymond Augustine Bauer, 1959-04-15 The raw material for these vignettes came from hundreds of interviews with Soviet refugees conducted by the Harvard Refugee Interview Project in 1950-1951. These data were later supported by work at the Harvard Russian Research Center and at the MIT Center for International Studies and from information from the Soviet press. These nine Soviet portraits are of role types of Russians in the middle ranks of Soviet society in the post-war era. Dr. Bauer believes that this is the crucial group to examine in order to appreciate the problems of social control in the Soviet Union. Members of this group respond to a pattern of more limited incentives and personal motives. At the same time, the contributions of these people are of first importance to the functioning of the Soviet system, and the degree of skill required of them is considerable. *Nine Soviet Portraits* is a study of how these individuals live in a totalitarian society, of the mechanisms of accommodation which they adopt in an almost impossible situation. This book introduces to the general reader some of the basic social and psychological dynamics of Soviet society. Not all of the characters or the concepts in this volume will be foreign to the reader. The reader will discover many familiar personalities and situations in these sketches. The Soviet Union is a modern industrial society, and all industrial societies have features in common. This is what makes *Nine Soviet Portraits* such fascinating reading; it gives compelling insights into the men and women who live behind the Iron Curtain and the social and psychological dynamics which motivate them and offers an unusual perspective in which to view our own society. *Nine Soviet Portraits*. [By] R. A. Bauer with the assistance of Edward Wasiolek. [With plates.] Raymond Augustine Bauer, Edward Wasiolek, 1955

Zbig Charles Gati, 2013-09 Zbigniew Brzezinski's multifaceted career dealing with U.S. security and foreign policy has led him from the halls of academia to multiple terms in public service, including a stint as President Carter's National Security Advisor from 1977 to 1981. He is a renowned policy analyst and author who frequently appears as a commentator on popular talk shows, including MSNBC's *Morning Joe* and PBS's *NewsHour*. Brzezinski's strategic vision continues to carry a great deal of gravitas. This analysis of Brzezinski's statecraft will be of interest not only to the general public but also to students as well as policy makers in the United States and throughout the world. To assess the ramifications of Brzezinski's engagement in world politics and policy making, Charles Gati has enlisted many of the top foreign policy players of the past thirty years to reflect on and analyze the man and his work. A senior scholar in Eastern European and Russian studies, Gati observed firsthand much of the history and politics surrounding Brzezinski's career. His vibrant introduction and concluding one-on-one interview with Brzezinski lucidly frame the book's critical assessment of this major statesman's accomplishments. Publisher's description
