Nine Visionary Poets:

Holy Fire Daniel Halpern, 1994 Since the beginning of time poets have been absorbed by the quest for signs that our lives have greater spiritual significance than the simple sum of our labors on earth The deceptive simplicity of the Sufi poet Rumi's musings Romantic poet William Blake's riveting map of heaven and hell the self-destructive Arthur Rimbaud's thirst for the extremes of human experience and the sometimes ecstatic often heartrending Celtic vision of William Butler Yeats among others attest to this enduring poetic search In *Holy Fire* editor Daniel Halpern has collected the work of nine poets whose writing has shaped our modern view of the sacred William Blake Hart Crane William Butler Yeats Rainer Maria Rilke Arthur Rimbaud and Allen Ginsberg are included here as well as lesser known but equally important writers such as Jelaluddin Rumi the fourteenth century Kashmiri poet Lalla and the sixteenth century Hindu mystic Mirabai **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved *Behind the Lines* Philip Metres, 2007-05 Whether Thersites in Homer's Iliad Wilfred Owen in *Dulce et Decorum Est* or Allen Ginsberg in *Wichita Vortex Sutra* poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium *Poetry and the American Voice* in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful *Behind the Lines* investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet's relationship to dissenting political movements and the nation In his elegant study *Metres* examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements [The Rumi Collection](#) Jalaluddin Rumi, 2005-06-21 Arranged by topic and by theme this introduction to the works of the great mystical poet Rumi features some of the best translations of his verse Rumi's poems are beloved for their touching perceptions of humanity and the Divine Here is a rich introduction to the work of the great mystical poet featuring leading literary translations of his verse Translators include Coleman Barks Robert Bly Andrew Harvey Kabir Helminski Camille Helminski Daniel Liebert and Peter Lamborn Wilson To display the major themes of Rumi's work each of the eighteen chapters in this anthology are arranged topically such as *The Inner Work* *The Ego* *Animal* *Passion for God* *Praise and Purity* Also contained here is a biography of Rumi by Andrew Harvey as well as an introductory essay by Kabir Helminski on the art of translating Rumi's work into English **International Who's Who in Poetry 2005** Europa Publications, 2004-08-02 The 13th edition of the *International Who's Who in Poetry* is a unique and
