Repression Exile And Democracy:

Repression, Exile, and Democracy Saúl Sosnowski, Louise B. Popkin, 1993 *Repression Exile and Democracy* translated from the Spanish is the first work to examine the impact of dictatorship on Uruguayan culture. Some of Uruguay's best known poets, writers of fiction, playwrights, literary critics, and social scientists participate in this multidisciplinary study analyzing how varying cultural expressions have been affected by conditions of censorship, exile, and insilio, internal exile, torture, and death. The first section provides a context for the volume with its analyses of the historical, political, and social aspects of the Uruguayan experience. The following chapters explore various aspects of cultural production, including personal experiences of exile and imprisonment, popular music, censorship, literary criticism, return from exile, and the role that culture plays in redemocratization. This book's appeal extends well beyond the study of Uruguay to scholars and students of the history and culture of other Latin American nations, as well as to fields of comparative literature and politics in general. Contributors: Hugo Achugar, Alvarro Barros, L. Mez Lisa, Block de Behar, Amanda Berenguer, Hiber Conteris, Jos Pedro, D. az Eduardo Galeano, Edy Kaufman, Leo Masliah, Carina Perelli, Teresa Porzecanski, Juan Rial, Mauricio Rosencof, Jorge Ruffinelli, Saúl Sosnowski, Martin Weinstein, Ruben Yez.

Censorship & Cultural Regulation in the Modern Age Beate Müller, 2004 *Censorship* has become a fashionable topic not only because of newly available archival material from Eastern Europe and the former Soviet Union, but also because the new censorship inspired by the works of Foucault and Bourdieu has widened the very concept of censorship beyond its conventional boundaries. This volume uses these new materials and perspectives to address the relationship of censorship to cultural selection processes, such as canon formation, economic forces, social exclusion, professional marginalization, silencing through specialized discourses, communicative norms, and other forms of control and regulation. Two articles in this collection investigate these issues theoretically. The remaining eight contributions address the issues by investigating censorial practice across time and space, by looking at the closure of Paul's playhouse in 1606, the legacy of 19th-century American regulations and representation of women teachers, the relationship between official and samizdat publishing in Communist Poland, the ban on *Gegenwartsfilme* (films about contemporary society) in East Germany in 1965-66, the censorship of modernist music in Weimar and Nazi Germany, the GDR's censorship of jazz and avantgarde music in the early 1950s, Aesopian strategies of textual resistance in the pop music of apartheid South Africa, and in the stories of Mario Benedetti.

Human Rights and Democratization in Latin America Alexandra Barahona de Brito, 1997-02-06 This insightful new work analyses the attempts by Chile and Uruguay to resolve the human rights violations and conflicts inherited from military dictatorships. The author focuses on how the post-transitional democratic governments dealt with demands for official recognition of the truth about the human rights violations committed by the military regimes and for punishment of those guilty of committing or ordering those offences. Alexandra De Brito sheds light on the political conditions which permitted or prevented the politics of truth-telling and justice under these successor regimes. This is the first study to make

comparative assessment of human rights abuse in Uruguay and Chile in this way The author contends that the experiences of these countries offer formative examples of attempts to tackle fundamental aspects of the policies of transition and democratization She makes an original contribution to our understanding of the key political legal and moral issues involved
