Hollywood's Last Golden Age Jonathan Kirshner,2012-10-05 Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film The end of censorship the decline of the studio system economic changes in the industry and demographic shifts among audiences filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie one that Jonathan Kirshner identifies as the seventies film In Hollywood's Last Golden Age Kirshner shows the ways in which key films from this period including Chinatown Five Easy Pieces The Graduate and Nashville as well as underappreciated films such as The Friends of Eddie Coyle Kluge and Night Moves were important works of art in continuous dialogue with the political social personal and philosophical issues of their times These seventies films reflected the era's social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women's liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood's embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives **Night Moves** Heather Graham Pozzessere,1993 *Night Moves* Randy Wayne White,2013-03-05 Doc Ford has his share of secrets One of them has returned with a vengeance in this deadly New York Times bestseller from Randy Wayne White While trying to solve one of Florida's most profound mysteries Doc Ford is the target of a murder attempt by someone who wants to make it look like an accident Or is the target actually his friend Tomlinson Whatever the answer the liveaboards and fishing guides at Dinkin's Bay on Sanibel Island are becoming increasingly nervous and wary after a plane crash and other near death incidents make it apparent that Ford and Tomlinson are dangerous companions What their small family of friends doesn't know is that their secret pasts make it impossible for them to seek help from the law There is an assassin on the loose and it is up to Doc and Tomlinson to find a killer before the grisly job is done *Night Moves* A. Keith Barton,2001-07-29 Dr Brandon Cowley finds himself immersed in a conspiracy to defraud the federal government billions of dollars in a research protocol designed to put the majority of vascular surgeons out of business The Heart Assisted Device is designed to obviate the need for more expensive and traditional cardiac bypass surgery but positive research results must support the government's claim that the device is superior to the more expensive CABG surgeries Brandon uncovers a plot to murder his patients to report favorable

results and thus make the FDA's case for the new procedure. A parallel plot involves Mexico's intent to steal American biotechnology. This page-turner throws the reader into the worlds of medical research, governmental bureaucracy and conspiracy, and the sordid underground realm of organized crime. **Bishopspool** William Renton, 1883 Rock N Roll Gold Rush Maury Dean, 2003 An appreciation of Rock n Roll song by song from its roots and its inspirations to its divergent recent trends.
