Night Without Darkness:

A Night Without Darkness Timothy M. Robinson, 1999 Recounts the miracle from the Book of Mormon of a night without darkness which made known the birth of Christ to the inhabitants of North and South America *Having Visions* Susan Wolverton, 2004 In *Having Visions* the author presents an objective respectful and faithful translation of its content accompanied with an historical and scientific context for understanding its insertion into the body of human affairs In *The Book of Mormon* the ancient American prophet Mormon presents the history of his people the Nephites The intent of the present book is to present his story as told and its relationship to history as known without altering its essence It should be noted that exhaustive archeological genetic and linguistic research has been undertaken by both proponents for and detractors of the existence of the Nephites So far no evidence supporting the claim has ever been found for any place person or event mentioned in *The Book of Mormon* while abundant contradictory evidence has been discovered and independently verified *Scribner's Magazine* Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1889
