Inness,1996 *Privacy, Intimacy, and Isolation* Julie C. Inness,1992 From the Supreme Court to the bedroom privacy is an intensely contested interest in our everyday lives and privacy law After exploring the privacy arguments of philosophers and constitutional and tort privacy law the author argues for a new definition of privacy Isolation, Intrusion, and Intimacy Betsy Amanda Lehman,1977

Privacies Beate Rössler,2004 This ambitious interdisciplinary collection responds to present intellectual debates concerning the value and limits of privacy Ever since the beginning of modernity the line of demarcation between private and public spaces and the distinction between them have continually been challenged and redrawn Such developments as new technologies that introduce previously unforeseen possibilities for infringement upon privacy and the modern spectacles of television talk shows and reality TV give added urgency to the discussion on privacy This collection examines the fundamental issues structuring that debate Bringing together for the first time leading contributors to the recent debates on privacy from both Europe and the United States this collection affirms that privacy in all its dimensions remains a central value of liberal democracies Its essays expose the complex ways in which privacy is essentially and intimately intertwined with our ideas of freedom identity and the good life Religion, Secular Beliefs and Human Rights Natan Lerner,2006-06-30 Religion and beliefs related to religion are today a central factor in international life and politics International law and human rights law in particular have to take into consideration the religious dimension and have done it to some extent A body of positive law has already been developed for the protection of freedom of religion and from religion by the U N and regional organizations This book incorporating previously published as well as unpublished materials discusses the legal meaning of religion and belief the U N work in this respect religious minorities relevant regional and special arrangements the issues of proselytism religion and terrorism the use of religious symbols international criminal law and some particular situations such as the state and religious communities in Israel and this country s agreement with the Holy See Law schools human rights scholars and activists and international organizations will find interest in the book *The seven veils of privacy* Kieron O'Hara,2023-07-18 Privacy is one of the most contested concepts of our time This book sets out a rigorous and comprehensive framework for understanding debates about privacy and our rights to it Much of the conflict around privacy

comes from a failure to recognise divergent perspectives Some people argue about human rights some about social conventions others about individual preferences and still others about information and data processing As a result privacy has become the focus of competing definitions leading some to denounce the disarray in the field But as this book shows disagreements about the role and value of privacy obscure a large amount of agreement on the topic Privacy is not a technical term of law cybersecurity or sociology but a word in common use that adequately expresses a few simple and related ideas Public/private Paul Fairfield,2005 As impressions grow that privacy is under increasing threat the sphere of private life has needed to reassert itself yet efforts to this end are beset with numerous difficulties including the ways in which the private sphere has for centuries been understood and misunderstood While Public Private takes up a broadly liberal perspective it endeavors to reach beyond an audience of liberal theorists to include other political orientations and philosophical traditions Fairfield examines the ethical political significance as well as the policy implications of a right to privacy Discussing the different applications of privacy laws technology property relationships Fairfield writes in a style accessible to specialists and students alike *Report on Privacy* Ireland.
