

7 STEPS TO IDENTIFY YOUR TOP Priorities in Life

01 Make A List Of Your Needs vs. Your Wants

Once you are able to differentiate between your needs and wants, you will start to reveal your true priorities in life.

02 Decide Who You Are Accountable To

Later on in life, most people find themselves having to answer to an employer at one point or another.

03 Compile A Timeline For Your Life's Goals and Determine What You Need To Prioritize In Order To Reach Them

Choices will need to be made in the quest to reach our goals... and they will almost certainly have an affect on your priorities in life.

04 Assign Categories and Sort Your Priorities Accordingly

Jot down in a journal whatever comes to your mind when you think about words like "happiness, love, success and security".

05 Eliminate Distractions And Negativity

If you are trying to figure out your top priorities in life, you'll need to give the process the attention that it deserves. This means you'll need to eliminate any distractions.

06 Seek Advice

There is no shame in asking for guidance, especially when you have easy access to it.

07 Get Organized

That is why it's a good idea to get yourself organized... let yourself, and the people around you, know you're serious.
