Cole and Laila Are Just Friends Bethany Turner, 2024-06-04 Cole and Laila Are Just Friends is a glorious ode to 90s romcoms lifelong friendships and all the many twists of life that drop us right where we need to be Full of warmth and witticisms galore this will they or won't they love story will capture readers from the first page and spin them capably through the landmarks of New York alongside the most rootable duo I've ever encountered Nora Nguyen author of Adam Evie's Matchmaking Tour Cole and Laila have been inseparable since they could crawl And they've never thought about each other that way Except for when they have Rarely Once in a while sure But seriously hardly ever Cole Kimball and Laila Olivet have been best friends their entire lives Cole is the only person apart from blood relatives who's seen Laila in her oversized pink plastic Sophia Loren glasses Laila is always the first person to taste test any new dish Cole creates in his family's restaurant even though she has the refined palate of a kindergartener Most importantly Cole and Laila are always talking About everything When Cole discovers a betrayal from his recently deceased grandfather that shatters his world staying in Adelaide Springs Colorado is suddenly unfathomable But Laila loves her life in their small mountain town and can't imagine ever living anywhere else She loves serving customers who tip her with a dozen fresh eggs She loves living within walking distance of all her favorite people And she's very much not okay with the idea of not being able to walk to her very favorite person Still when Cole toys with moving across the country to New York City she decides to support her best friend even as she secretly hopes she can convince him to stay home And not just for his killer chocolate chip pancakes Because she loves him As a friend Just as a friend Right They make a deal Laila won't beg him to stay and Cole won't try to convince her to come with him They have one week in New York before their lives change forever and all they have to do is enjoy their time together and pretend none of this is happening But it's tough to ignore the very inconvenient feelings blooming out of nowhere In both of them And these potentially friendship destroying feelings once out in the open have absolutely no take backs If When Harry Met Sally had a quippy literary love child with Gilmore Girls Luke and Lorelai you'd get Cole and Laila

Just don't tell them that Author's Note Cole and Laila are best friends who slow burn like for nearly forty years so SLOW toward love and yet never see it coming in this low spice clean laugh out loud friends to lovers rom com All it takes is the threat of being separated a trip to NYC one night in one bed a fake blind date for the ages and a little dancing on a penthouse rooftop for the slow burn to finally finally ignite Cole and Laila Are Just Friends is a standalone novel set in the charming Adelaide Springs Colorado where the author's previous book Brynn and Sebastian Hate Each Other also takes place This heartwarming story includes discussion questions for book clubs and readers to further explore the delightful journey of Cole and Laila's relationship
