Philadelphia Fire John Edgar Wideman, 2020-10-06 One of John Wideman's most ambitious and celebrated works the lyrical masterpiece and PEN Faulkner winner inspired by the 1985 police bombing of the West Philadelphia row house owned by black liberation group Move In 1985 police bombed a West Philadelphia row house owned by the Afrocentric cult known as Move killing eleven people and starting a fire that destroyed sixty other houses At the heart of *Philadelphia Fire* is Cudjoe a writer and exile who returns to his old neighborhood after spending a decade fleeing from his past and who becomes obsessed with the search for a lone survivor of the event a young boy seen running from the flames Award winning author John Edgar Wideman brings these events and their repercussions to shocking life in this seminal novel Reminiscent of Ralph Ellison's *Invisible Man* Time and Norman Mailer's *The Executioner's Song* *Philadelphia Fire* is a masterful culturally significant work that takes on a major historical event and takes us on a brutally honest journey through the despair and horror of life in urban America

Early Downhome Blues Jeff Todd Titon, 2014-02-01 Hailed as a classic in music studies when it was first published in 1977 *Early Downhome Blues* is a detailed look at traditional country blues artists and their work Combining musical analysis and cultural history approaches Titon examines the origins of downhome blues in African American society He also explores what happened to the art form when the blues were commercially recorded and became part of the larger American culture From forty seven musical transcriptions Titon derives a grammar of early downhome blues melody His book is enriched with the recollections of blues performers audience members and those working in the recording industry In a new afterword Titon reflects on the genesis of this book in the blues revival of the 1960s and the politics of tourism in the current revival under way

Lead Belly, Woody Guthrie, Bob Dylan, and American Folk Outlaw Performance Damian A. Carpenter, 2017-10-20 With its appeal predicated upon what civilized society rejects there has always been something hidden in plain sight when it comes to the outlaw figure as cultural myth Damian A Carpenter traverses the unsettled outlaw territory that is simultaneously a part of and apart from settled American society by examining outlaw myth performance and perception over time Since the late nineteenth century the outlaw voice has been most prominent in folk performance the result being a cultural persona invested in an outlaw tradition that conflates the historic folkloric and social in a cultural act Focusing on the works and guises of Lead Belly Woody Guthrie and Bob Dylan Carpenter goes beyond the

outlaw figure s heroic associations and expands on its historical Jesse James Billy the Kid folk John Henry Stagolee and social tramps hoboes forms He argues that all three performers represent a culturally disruptive force whether it be the bad outlaw that Lead Belly represented to an urban bourgeoisie audience the good outlaw that Guthrie shaped to reflect the social concerns of marginalized people or the honest outlaw that Dylan offered audiences who responded to him as a promoter of clear sighted self evaluation As Carpenter shows the outlaw and the law as located in society are interdependent in terms of definition His study provides an in depth look at the outlaw figure s self reflexive commentary and critique of both performer and society that reflects the times in which they played their outlaw roles
