## **Most Secret Science:**

The Most Secret Science Archibald E. Roberts, 1984      *Secret Science* Ulf Schmidt, 2015-07-08 From the early 1990s allegations that servicemen had been duped into taking part in trials with toxic agents at top secret Allied research facilities throughout the twentieth century featured with ever greater frequency in the media In Britain a whole army of over 21 000 soldiers had participated in secret experiments between 1939 and 1989 Some remembered their stay as harmless but there were many for whom the experience had been all but pleasant sometimes harmful and in isolated cases deadly Secret Science traces for the first time the history of chemical and biological weapons research by the former Allied powers particularly in Britain the United States and Canada It charts the ethical trajectory and culture of military science from its initial development in response to Germany's first use of chemical weapons in the First World War to the ongoing attempts by the international community to ban these types of weapons once and for all It asks whether Allied and especially British warfare trials were ethical safe and justified within the prevailing conditions and values of the time By doing so it helps to explain the complex dynamics in top secret Allied research establishments the desire and ability of the chemical and biological warfare corps largely comprised of military officials scientists and expert civil servants to construct and identify a never ending stream of national security threats which served as flexible justification strategies for the allocation of enormous resources to conducting experimental research with some of the most deadly agents known to man Secret Science offers a nuanced non judgemental analysis of the contributions made by servicemen scientists and civil servants to military research in Britain and elsewhere not as passive helpless victims without voices or as laboratory and desk perpetrators without a conscience but as history's actors and agents of their own destiny As such it also makes an important contribution to the burgeoning literature on the history and culture of memory      *The Secret Science of Combat Strategy* Jules Aib, 2012-10-16 The Secret Science of Combat Strategy presents an invaluable resource for anyone interested in martial arts hoping to improve their knowledge and skills Author Jules Aib provides instructions and details in an easy to follow format focused primarily on those familiar with martial arts but also accessible to anyone who is interested After a lifelong devotion to Zen based martial arts he clearly articulates a comprehensive collection of combat strategies from the perspective of a true martial artist He also provides a rare in depth glimpse into the heart and soul of a martial artist What are the best fighters feeling thinking and doing before during and after combat The intriguing answer to this question seeks to satiate those who are curious about the secret world the martial artist inhabits This remarkable book also includes photographs that exemplify the true spirit of martial arts designed to enhance the beauty wisdom and deep insight into the science of combat strategy Whether you are a practitioner of any combat system or are simply a fan of mixed martial arts this guide offers a peek into the heart and soul of elite fighters who are true martial artists Ultimately The Secret Science of Combat Strategy is about winning how to win in combat and how to win in life      The Secret Doctrine: the Synthesis of Science, Religion, and
