Love Russian Style:

Russian Style Julie A. Cassiday, 2023-12-19 In the two decades after the turn of the millennium Vladimir Putin's control over Russian politics and society grew at a steady pace. As the West liberalized its stance on sexuality and gender, Putin's Russia moved in the opposite direction, remolding the performance of Russian citizenship according to a neoconservative agenda characterized by increasingly exaggerated gender roles. By connecting gendered and sexualized citizenship to developments in Russian popular culture, Julie A. Cassiday argues that heteronormativity and homophobia became a kind of politicized style under Putin's leadership. However, while the multiple modes of gender performativity generated in Russian popular culture between 2000 and 2010 supported Putin's neoconservative agenda, they also helped citizens resist and protest the state's mandate of heteronormativity. Examining everything from memes to the Eurovision Song Contest and self-help literature, Cassiday untangles the discourse of gender to argue that drag or travesti became the performative trope par excellence in Putin's Russia. Provocatively, Cassiday further argues that the exaggerated expressions of gender demanded by Putin's regime are best understood as a form of cisgender drag. This smart and lively study provides a critical, nuanced analysis of the relationship between popular culture and politics in Russia during Putin's first two decades in power. From Russia with Love! In this new book, Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century, including Joseph Conrad, Somerset Maugham, Jane Harrison, Virginia Woolf, and H. G. Wells. Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja László in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945, *Love and Russian Literature* casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism. **On Love, Family, and the State: Philosophical-sociological Essay** Олег Арин / Алекс Бэттлер, 2021-07-08 The problems of love, family, and state are topics that are widely discussed both in the West and in Russia. This essay, however, differs from all previous research work in that Alex Battler elevated the well-known words love, family, and marriage to the level of concepts. This enabled the author to correlate them to the conception of force and progress he had substantiated in the book *Dialectics of Force*. Ontology and

ultimately to define the regular connection between the destruction of marriage and the collapse of a state within the context of the law of entropy growth or the law of death

Soviet Self-Hatred Eliot Borenstein, 2023-06-15 Soviet Self Hatred examines the imaginary Russian identities that emerged following the collapse of the Soviet Union Eliot Borenstein shows how these identities are best understood as balanced on a simple axis between pride and shame shifting in response to Russia's standing in the global community its anxieties about internal dissension and foreign threats and its stark socioeconomic inequalities Through close readings of Russian fiction films jokes songs fan culture and Internet memes Borenstein identifies and analyzes four distinct types with which Russians identify or project onto others They are the sovok the Soviet yokel the New Russian the despised ridiculous nouveau riche the vatnik the belligerent jingoistic patriot and the Orc the ultraviolent savage derived from a deliberate misreading of Tolkien's epic Through these contested identities Soviet Self Hatred shows how stories people tell about themselves can tragically become the stories that others are forced to live
