steadily augmented over the years the Museum's Dada collection presents the movement in its full international and interdisciplinary scope during its defining years from 1916 through 1924. Catalyzed by the major Dada exhibition that appeared in Paris, Washington D C and at The Museum of Modern Art in 2005-6, the book benefits from the latest scholarly thinking not only as found in the exhibition's catalogues but also in the critical responses to them as well as in an ambitious series of seminars organized around the show. Featuring generously illustrated essays that focus on a selection of the Museum's most important Dada works, this publication highlights works in many media including books, journals, assemblages, collages, drawings, films, paintings, photographs, photomontages, prints, readymades, and reliefs. It also includes a comprehensive catalogue of the Museum's Dada holdings, including those in the Museum's Archives and Library. Edited by Anne Umland and Adrian Sudhalter, members of the Museum's Department of Painting and Sculpture, this book inaugurates an ambitious new series of scholarly catalogues on the Museum's collection.

*The Dream Endures* Kevin Starr, 1997. The fifth volume in Starr's classic history of California, *The Dream Endures* shows how Californians rebounded from the Great Depression to emerge in the 1930s into what is now known as the good life. Starr illustrates the ways the good life prospered in California in film, fiction, leisure, and architecture. Starr looks at the newly important places where Californians lived out this sunny lifestyle: areas like Los Angeles where Hollywood lived, Palm Springs where Hollywood vacationed, San Diego where the Navy went, the California Institute of Technology in Pasadena where Einstein changed his view of the universe, and college towns like Berkeley. In this more than any other of Starr's monumental California histories, we see the stirrings of uniqueness in the social and cultural evolution of California. Starr's theme is relevant to all of America and the national destiny.

Neil Morgan, San Diego Union Tribune: Enormously sensitive and moving. Social and cultural history doesn't get any better.

San Francisco Chronicle: In his monumental continuing study of California, Kevin Starr belongs in the company of the best.
