Management Development Strategy In The Financial Sector Malcolm Higgs, 1988-03-08 *Gower Handbook of Leadership and Management Development* Mr Alan Mumford, Mr Richard Thorpe, Mr Jeff Gold, 2012-09-28 The fifth edition of the Handbook explores the role and value of leadership and management development and provides tools techniques and authoritative guidance on how to deliver it effectively The contributors both academics and professionals many of whom are highly regarded in their field work with existing as well as new ideas incorporating the needs of contemporary society with a commitment to show how their ideas are relevant in practice and how they may be implemented The book draws on case studies and contributions from North America Australasia and Europe

Management Development Strategies John J. Sherwood, Susan N. Faux, Donald C. King, 1983 *The Practice of Management Development* Sidney Mailick, Solomon Hoberman, Stephen J. Wall, 1988-11-02 A persistent difficulty faced by management professionals is the absence of sources providing information about objectives theory and current approaches and practices for management development The editors address this issue by bringing together outstanding management professionals to provide a comprehensive review of current management development theory and practice Individual case studies employing in depth descriptions of particular management training programs are supplemented by theoretical discussions placing the studies in a common context The result is an integrated overview of the best and most innovative programs and methods available to the human resources professional Divided into three principal sections the volume first focuses on efforts aimed at the development of individual managers and management styles The papers in Part Two address programs directed toward changing the culture of the organization Part Three offers examples of programs that are on the cutting edge of management development Each chapter includes a description of the diagnosed needs and defined objectives the design and implementation of the program an analysis of results and practical implications for other practioners Throughout the contributors provide professionals with an integrated source for both new approaches and useful variations on familiar ones

The Economic Development of Bangladesh in the Asian Century Quamrul Alam, Atiur Rahman, Shibli Rubayat Ul Islam, 2020-11-25 This book explains the macro drivers of growth behind the economic development of Bangladesh Few countries in the developing world have shown as exciting a promise of economic prosperity as Bangladesh The promising nature of the Bangladeshi economy raises interesting questions pertaining to whether good governance may lead to sustained economic growth This book looks at the strategic interventions on macro level specifically the policy interventions This book will be a useful reference to making sense how economic transformation can be strengthened through state sponsored activities and how states can inculcate a culture of innovation which can be regarded as one of the underpinnings of economic growth

The Value of Executive Coaching Angela

Mulvie,2015-04-24 The explosive growth of coaching over the past decade has been accompanied by comparable growth in coach training as well as in membership of professional bodies representing the industry Yet philosophical and intellectual debates over executive coaching and its measurable value and outcomes appear limited in much of the existing literature Many practitioners appear uncomfortable with the hard measurement of real return on investment preferring softer more qualitative approaches to evaluation To challenge the self perpetuating myth of value which has grown up around executive coaching The Value of Executive Coaching critically explores the discourses surrounding this aspect of leadership development and considers different ways of thinking about its growth development and application outside its established functionalist perspective Using case study evidence this exciting new text enhances our understanding of how and why the value proposition of executive coaching is perceived and perpetuated and provides readers with the opportunity to explore some of the issues which influence perceptions of value This book will be valuable reading for practising coaches and students on postgraduate coaching courses
