Lyotard, Andrew E. Benjamin, 1993 **Kant's ›Critique of Aesthetic Judgment‹ in the 20th Century** Stefano Marino, Pietro Terzi, 2020-11-09 Kant's Critique of Judgment represents one of the most important texts in modern philosophy. However, while its importance for 19th century philosophy has been widely acknowledged, scholars have often overlooked its far-reaching influence on 20th century thought. This book aims to account for the various interpretations of Kant's notion of aesthetic judgment formulated in the last century. The book approaches the subject matter from both a historical and a theoretical point of view and in relation to different cultural contexts, also exploring in an unprecedented way its influence on some very up-to-date philosophical developments and trends. It represents the first choral and comprehensive study on this missing piece in the history of modern and contemporary philosophy, capable of cutting in a unique way across different traditions, movements, and geographical areas. All main themes of Kant's aesthetics are investigated in this book, while at the same time showing how they have been interpreted in very different ways in the 20th century. With contributions by Alessandro Bertinetto, Patrice Canivez, Dario Cecchi, Diarmuid Costello, Nicola Emery, Serena Feloj, G nter Figal, Tom Huhn, Hans Peter Kr ger, Thomas W Leddy, Stefano Marino, Claudio Paolucci, Anne Sauvagnargues, Dennis J Schmidt, Arno Schubbach, Scott R Stroud, Thomas Teufel, and Pietro Terzi **Music and Gesture** Anthony Gritten, Elaine King, 2006 This volume showcases key theoretical ideas and practical considerations in the growing area of scholarship on musical gesture. The book constructs and explores the relations between music and gesture from a range of differing perspectives, identifying theoretical approaches and examining the nature of certain types of gesture in musical performance. The twelve chapters in this volume are organized into a heuristic progression from theory to practice, from essay to case study **The Certeau Reader** Michel de Certeau, 2000 **Para/Inquiry** Victor E. Taylor, 2008-02-20 Para Inquiry represents the next generation of postmodern studies. Focusing on cultural studies, religion, and literature, Victor E Taylor provides us with a fresh look at the history and main themes of postmodernism, both in style and content. Central to the book is the status of the sacred in postmodern times. Taylor explores the sacred images in art, culture, and literature. We see that the concept of the sacred is uniquely singular and resistant to an easy assimilation into artistic, cultural, or narrative forms. Anyone wishing to gain a new and exciting understanding of postmodernism will read this book with great pleasure *Sublime Art* Stephen Zepke, 2017-11-22 Provides new perspectives on women's print media in interwar Britain Effective History Sinead Murphy, 2010-12-30 Sin ad Murphy's Effective History presents its reader with a thorough explanation and evaluation of H G Gadamer's concept of effective history, not only as it pertains to the broader range of hermeneutic and postmodern thinkers working in the wake of Kantian philosophy, but first and foremost as a careful and measured consideration of the practice of effective history as a critical method for philosophy in our current times. In this latter sense, the work pushes Gadamer's thinking forward into new territory and provides an insightful estimation of the value of hermeneutic inquiry. Murphy demonstrates that the notion of effective history not only stems from a central issue in Kant's critical philosophy, the divide

between the empirical and transcendental between history and pure knowledge but that it is best understood through an analysis of the various ways that certain contemporary thinkers fall into the traps and contradictions that stem from Kant's critical turn
